■ Table Prize / Games / Performances / Lucky Draws

————— End of Dinner 22:30

# QSD Chairman's Message 2009

Dear Guests, Members and Friends,

Welcome you all to the 2009 Quantity Surveying Division Annual Dinner.

This evening, we have the honour of the company of our honourable guests, the President of the institute, office bearers of the General Council, past HKIS Presidents and past QSD Chairmen.

This year is the 25th anniversary of our institute. It is a big milestone for both the institute and for the Quantity Surveying Division. Our division started with 71 members in 1984 and now has over 2,000 members. Our members work in various sectors of the construction industry and some of them are even working outside Hong Kong, particularly on the Mainland. Hence, tonight is a precious opportunity for our fellow members to mingle together and share their valuable experience.

The success of this dinner is due to the co-effort of various parties. I would like to take this opportunity to express my sincere thanks to:

- our council members for their continual support and contribution to the division;
- our members and the sponsors for their support and participation in this event; and
- the organizing committee for their valuable time and effort in arranging this dinner.

In closing, may I wish that you all have an enjoyable evening and a good time.

Best regards,

Daniel Ho
