The Hong Kong Institute of Surveyors

The Hong Kong Institute of Surveyors was founded in April 1984 and had 85 founder members. The Institute was statutorily incorporated by virtue of the Hong Kong Institute of Surveyors Ordinance in January 1990 (Cap. 1148). In July 1991, there was also passed the Surveyors Registration Ordinance (Cap. 417) to set up a Registration Board to administer the registration of surveyors.

The number of corporate members has grown to 4,818 as at December 2009; Members and Fellows – distinguished by the initials MHKIS and FHKIS. In 2009, the Institute admitted 63 Technical Associates – distinguished by the initials TAHKIS. Apart from this, the total number of training grade members at the end of 2009 was 2,545.

To qualify as a corporate member of the Institute, surveyors must possess a recognized academic degree or similar qualification, followed by a minimum of two years supervised professional experience within strict guidelines, followed by an Assessment of Professional Competence (APC).

To qualify as a technical grade member of the Institute, surveyors must possess a cognate sub-degree or diploma or vocational qualification or equivalent as may be approved by the General Council together with a minimum of two years of technical training of an approved nature mainly in Hong Kong, followed by an Assessment of Technical Competence (ATC).

As a reputable and responsible professional body of surveyors, the Institute has always maintained vigorous assessment standards for entry to the profession and has also maintained high professional and ethical standards of member surveyors, through the various codes of professional practices, the code of ethics, and continuing professional

development. The Institute has taken on an important and responsive consultative role in government policy making particularly on issues affecting land, property, construction.

The title “Surveyor” embraces a number of disciplines involved with land and its development with land and buildings, covering an extremely wide scope. Some surveyors work in private practices and others may work for a landowner, developer, building contractor or government departments and related bodies. A **land surveyor** measures and records the shape and position of the land, define the boundary and set out the legal boundaries of the sites. A **general practice surveyor** advises on the best use of the land, assesses the feasibility and viability of the proposed development project as well as the valuation, marketing, sale, leasing and management of completed developments. A **planning and development surveyor** further advises on the possible change of zoning, the likely environmental impacts and make suggestion on preliminary development contents. A **quantity surveyor** is concerned with the building contractual arrangements and cost control will evaluate the likely cost of the development project and advises on the most suitable kind of contract for the project. A **building surveyor** is involved in the construction and maintenance of the building. A **property and facility management surveyor** provides a comprehensive range of services in real estate management.

The Institute has established and continues to expand its presence in the international scene through reciprocity relationships with other national surveying bodies and through membership in relevant world bodies and international organisations in order to maintain its professional edge at international level. The Institute is one of the three founding members, apart from the Singapore Institute of Surveyors and

the Institution of Surveyors, Malaysia, of the Surveyors' Alliance Asia which was inaugurated in November 2004. The Institute has reciprocal agreements with:

- The Royal Institution of Chartered Surveyors (RICS)
- Australian Property Institute (API)
- New Zealand Property Institute (NZPI)
- Singapore Institute of Surveyors and Valuers (SISV)
- The Australian Institute of Quantity Surveyors (AIQS)
- New Zealand Institute of Quantity Surveyors Incorporated (NZIQS)
- China Institute of Real Estate Appraisers (CIREA)
- China Engineering Cost Association (CECA)
- China Association of Engineering Consultants (CAEC)
- The Building Surveyor's Institute of Japan (BSIJ)
- Canadian Institute of Quantity Surveyors (CIQS)

香港測量師學會

香

港測量師學會於1984年4月正式成立，創會會員人數為85名。其後，1990年香港立法局通過了《香港測量師學會條例》，翌年立法局再通過《測量師註冊條例》成立測量師註冊管局。

截至2009年12月，香港測量師學會的正式會員總數為4,818名分別為「資深專業會員」(Fellow採用FHKIS名銜)及「專業會員」(Member採用MHKIS名銜)；2009年香港測量師學會接納了63位「技術協佐會員」(Technical Associates採用TAHKIS名銜)；除這以外，2009年年底的「培訓級會員」人數一共是2,545位。

香港測量師學會的「專業會員」必須完成修讀由香港測量師學會認可的大學測量專業學位課程。其後，必須在專業測量師指導下進行不少於兩年的

在職專業工作實習。實習期滿，考生可以向學會報考「專業評核試」(Assessment of Professional Competence簡稱APC)作為最後評核。學會會員必須嚴格遵守由學會制定的專業操守規則。

香港測量師學會的「技術協佐會員」必須完成修讀由香港測量師學會認可的副學士測量專業學位課程。同時必須已取得不少於兩年的在職專業工作實習。實習期滿，考生可以向學會報考「技術評核試」(Assessment of Technical Competence簡稱ATC)作為最後評核。學會會員必須嚴格遵守由學會制定的專業操守規則。

香港測量師學會主要工作是維護測量專業服務的標準，包括制訂專業守則、釐訂加入專業測量師行列的要求，並鼓勵會員透過持續專業進修以增進專業技能。本會在政府制訂政策方面一直擔當重要的諮

詢角色，香港測量師學會曾向政府提供的意見包括樓宇僭建問題、樓宇安全運動、物業管理問題、城市規劃及發展策略、建築質素和房屋問題，並曾就樓宇面積的度量標準發出指引。

服務於公營部門的測量師參與制訂發展策略及政策，從而達到政府的規劃政策目標。服務於私營機構的測量師一般向客戶提供相關專業諮詢服務。測量專業內容非常廣泛，服務範圍包括：「土地測量師」積極參與各類發展項目，包括劃定地界、利用測量結果繪製地圖等；致力使無數人跡罕至及未開發的地區發展成為繁盛的工商業城鎮，因此與人類的文明發展有著莫大的關係。「產業測量師」憑著專業技能及知識，對如何發展、使用及管理物業的細節瞭若指掌，能為客戶提供具實效的意見；其工作涉及產業的規劃、發展、用途、管理以至土地及樓宇估價，為客戶代理以私人協商、招標或拍賣方式租售物業，並處理物業投資的財務及經濟事務。

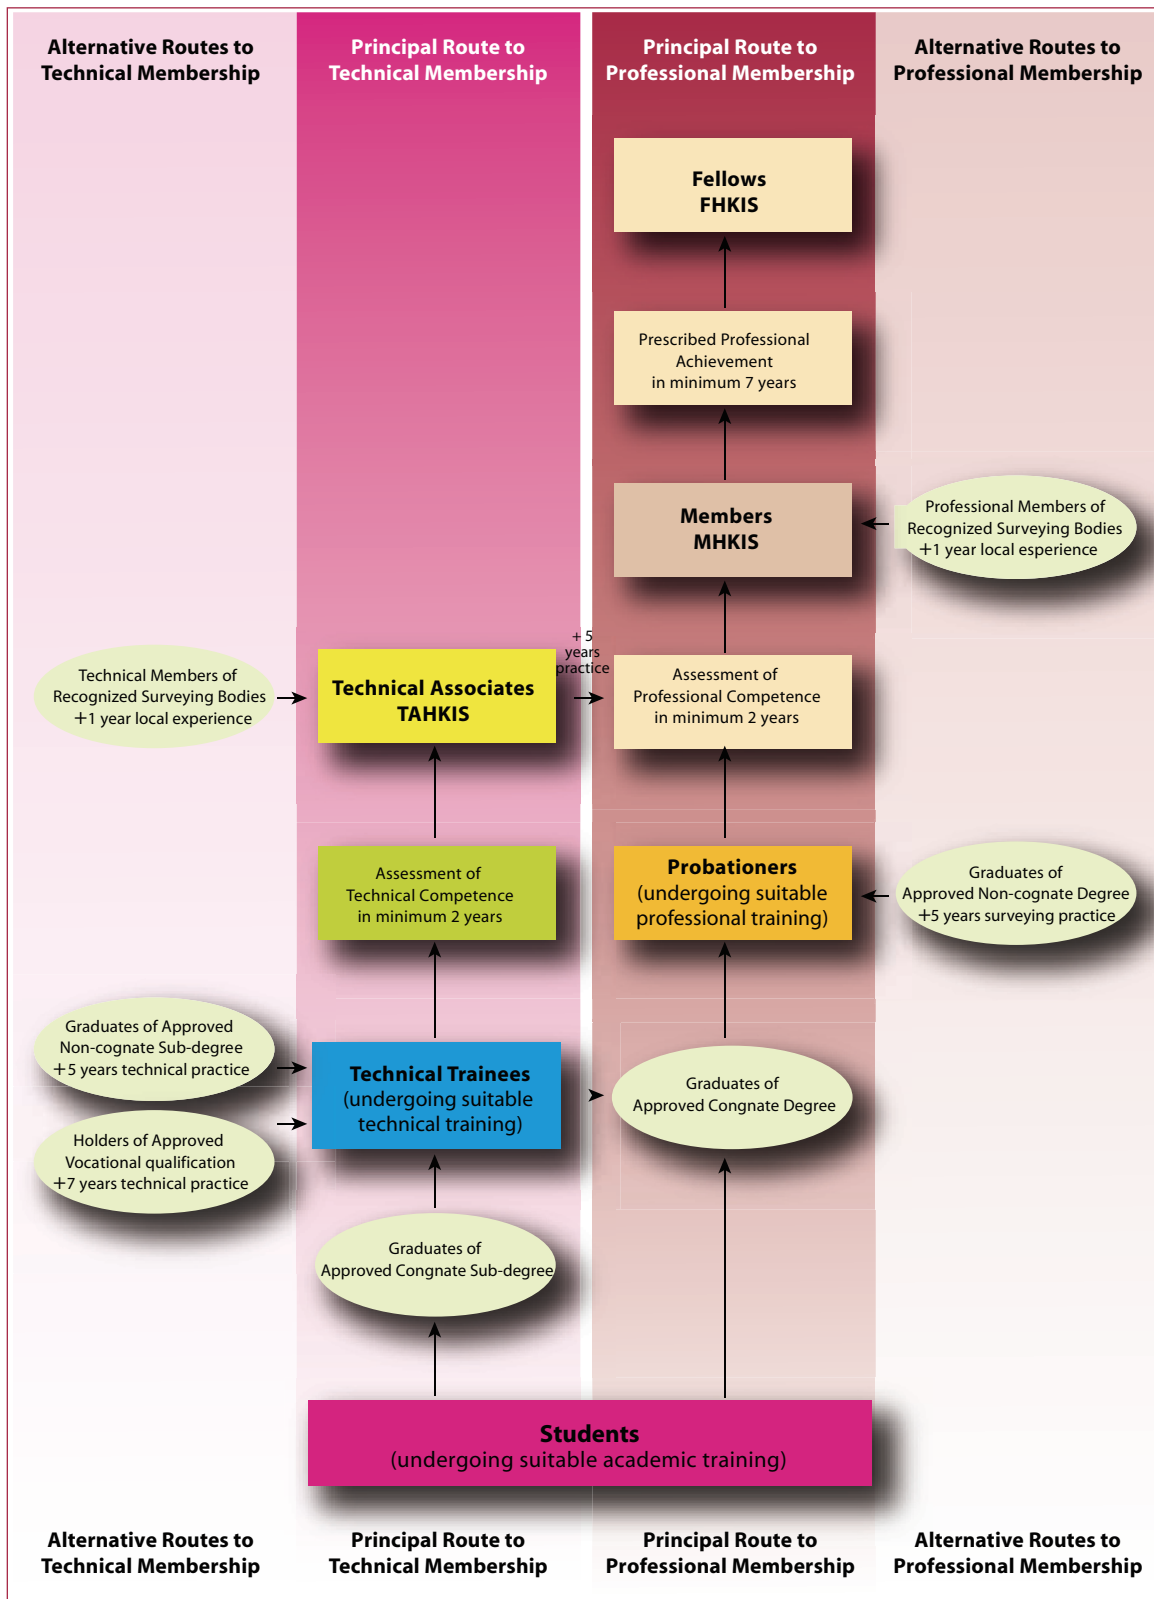

「規劃及發展測量師」提供一系列有關城市規劃和物業發展的專業服務；除了作出物業發展可行性研究以外，他們更擅長於演繹土地契約條款，能提出如何符合土地契約條款或對條款作出修訂的建議；同時能替土地擁有人向地政署提出修訂地契交回、重批的申請、商討土地條款以至完成地契土地契約簽署的整套的服務。「工料測量師」在房屋建造、土木工程、城市發展、以至礦務及等各類工程上提供初步成本諮詢成本計劃、招標檔的製訂及相議承包價、建築合約的製訂和管理、工程費的開支預算及成本控制、工程策劃及管理、仲裁建築合約糾紛和建築工程保險損失估值等等。「建築測量師」是勘測建築物的專才，服務範圍包括：就法律訂明的限制條件提供技術顧問服務、在發展項目中代表項目注資人負責發展顧問及工程項目監理工作、在發展階段負責項目管理、而在現有建築物勘測私人及公共樓房安全檢驗、維修管理。「物業設施管理測量師」主要提供廣泛物業及設施管理。在用家要求

日高的社會，高質素的專業管理服務，實為維持及提高物業價值的不可或缺元素。物業及設施管理測量師能為客戶管理各類物業，代與租戶商討租金修訂、租約續期及物業轉租事務，並就物業翻修及重建等事宜提供意見。

香港測量師學會不斷加強與世界各國有關測量專業團體緊密聯繫並且達成互認協定，目的在於增進本地測量專業人員在國際市場的競爭力，並且是2004年11月成立的「亞洲測量師聯盟」三個創會會員之一，其他兩個創會會員是新加坡測量師及估價師學會和馬來西亞測量師學會。香港測量師學會目前和下列海外學會有協議，互相接納對方會員資格：

- 英國皇家特許測量師學會(RICS)
- 澳大利亞房地產學會(API)
- 新西蘭房地產學會(NZPI)
- 新加坡測量師及估價師學會(SISV)
- 澳大利亞工料測量師學會(AIQS)
- 新西蘭工料測量師學會(NZIQS)
- 中國房地產估價師學會(CIREA)
- 中國建設工程造價管理協會(CECA)
- 中國建設監理協會(CAEC)
- 日本建築積算協會(BSIJ)
- 加拿大工料測量師學會(CIQS)

THE HONG KONG INSTITUTE OF SURVEYORS Route to Membership

For indication only. For details, please refer to the Constitution and Bye-Laws of the Hong Kong Institute of Surveyors.

The Building Surveyor

A Building Surveyor is as the name implies, a 'Surveyor of Buildings'. A Building Surveyor's core expertise is as described below.

Survey of New Buildings

- Building control in Buildings Department, HKSAR Government;
- Technical advice on legal restrictions – Buildings Ordinance, Town Planning and Land Leases;
- Development consultancy and project monitoring; and
- Project management during development stage.

Survey of Existing Buildings

- Building maintenance management (both in the private and public sectors);
- Diagnosis of building defects as 'Building Doctor';
- Building and fire safety inspections;
- Alterations & Additions, refurbishment and renovation;
- Conservation, restoration and rehabilitation of historic heritage;
- Licence application;
- Fire insurance valuation;
- Facilities and property management;
- Building surveys prior to purchase, during hand over or arising from building disputes;
- Expert witness, mediation and arbitration;
- Advise on occupational requirements, spatial planning and management; and
- Management of fitting-out works.

Building Surveyors in private practices are involved in all stages of the development process from inception, completion to operation. They are available to provide tailor-made services for Clients engaging in property development.

Site Acquisition Stage

The Building Surveyor acts as Project Consultant in advising on the development potential regarding technical and legal implications as follows:

- Restrictions imposed under the Buildings Ordinance, lease conditions and Town Planning Ordinance and also on potential construction difficulties;
- Financial and time considerations affected by the construction aspects; and
- Preparation, finalization and execution of Joint Venture Agreements and Public Private Partnership.

Development Stage (including Construction Stage)

The Building Surveyor acts as Project Manager (or Project Consultant) to monitor the development and construction process so that the buildings are constructed principally on time, within budget and with the desired quality. The major functions of the Project Manager are:

- Preparation of feasibility studies and Client brief;
- Preparation of budgets and master programme;
- Appointment of the design team, sub-consultants, main contractor, sub-contractors and suppliers;
- Management of the design process and selection of materials;
- Coordination of Government approvals;
- Contract administration and coordinating the approval of shop drawings, samples, variations and claims;
- Project monitoring – time, cost and quality controls; and
- Undertaking financial control – cash flow, interim payments and final account procedures.

Pre-Completion Stage

- Advising on capital costs, running costs and replacement costs for fire insurance purposes;
- Advising on maintenance strategy and preparation of operation and maintenance manuals, as-built drawings and specialists handbooks; and
- Coordinating and approving (on behalf of Clients) of Alterations and Additions works to building and building services proposed by tenants and occupiers.

After Completion

Building Surveyors play a major role in the management and maintenance of properties after their completion.

- Advising on construction and legal constraints prior to letting and coordinating the fitting out works;
- Advising on licensing requirements for licensed premises (e.g. restaurants, hotels, child care centres, kindergarten, home for the elderly, etc.) and coordination of the fitting out works;
- Advising on maintenance strategy, planning and implementation of maintenance programmes, from day-to-day to long term;
- Condition surveys of existing buildings and preparation of schedule of dilapidation. Advising on diagnosis of building defects, remedial works and costs; Advising on effects and remedial actions including litigation and compensation;
- Alterations, additions and improvements to existing buildings. Conversion of existing buildings to modern uses and upgrading their provisions to meet current requirements;
- Improvement works required under the Fire Safety (Commercial Premises) Ordinance;
- Acting as expert witness in court and arbitrator in building and contract disputes; and
- Design and management of conservation, restoration and rehabilitation of historic heritage projects.

Profile of Employment

Building Surveyors are employed in both private and public sectors or engaged in private practices serving Clients of different concerns.

HKSAR Government and Quasi-Government Agencies

- Buildings Department;
- Housing Department;
- Architectural Services Department;

- Licensing Authority, Home Affairs Department;
- Hospital Authority;
- Urban Renewal Authority;
- Hong Kong Housing Society;
- Mass Transit Railway Corporation;
- Academic institutions and others.

Private Practices and NGOs

- Private and listed property developers;
- Tung Wah Group of Hospitals, English School Foundation, Salvation Army; and
- Local and major international property consultants offering comprehensive Building Surveying Services.

Expertise of Building Surveyors

Expertise possessed by professional Building Surveyors can be summarized and grouped in the following nine core areas of services undertaken on behalf of Clients:

- Project Planning and Design;
- Project Management and Monitoring;
- Project Supervision (including acting as Technically Competent Persons required by Buildings Department);
- Project Revitalization (Alterations and Additions, Conservation, Improvement, Refurbishment and Renovation);
- Building Maintenance Management;
- Building Surveys and Fire Insurance Valuations;
- Building and Fire Safety Inspections and Works Supervision;
- Facilities and Property Management; and
- Dispute Resolution (Expert Witness, Mediation and Arbitration).

Building Surveyor's Vision

Whenever there is a building need, be it of a new building or existing building, a Building Surveyor will be able to help find a satisfactory solution.

General Practice Division

The General Practice Surveyor

Land is a strategic resource for operation and an investment asset. Interest in land or property is bought and sold for residential, retail, office and industrial uses. These uses require careful planning, continuous management and improvement; properties are also developed as direct investments or securitized, and if they are professionally managed, their values will be enhanced.

General Practice Surveyors through their professional training, skill and knowledge are in a position to offer timely and effective advice in connection with the development, use and management of the property resources both for operational needs and investment purposes. They are concerned with the planning, development, use, management, leases administration and valuation of land and buildings; negotiation of sales and lettings by private treaty and sale by tender or auction; financial and economic aspects of investment in property. And contemporaneously, because of the General Practice Surveyors' understanding of the principles of investment and asset pricing, the profession is ready to respond to the mounting demand for valuation of trade-related business assets and business enterprises.

The services offered by General Practice Surveyors can be wide and varied. They range from professional and agency services connected with the investigation, valuation, planning, development, acquisition, disposal and management of property to more recently, valuation of franchises and intangibles. The major roles played by General Practice Surveyors are as follows:

Valuation of Properties

General Practice Surveyors value all types of landed properties for various purposes. The range of valuation services covers:

- Valuations for sale, purchase, letting and mortgage purposes.
- Statutory valuations relating to resumption, rating, stamp duty, and other taxation purposes.
- Valuations of company portfolios for balance sheet purposes, company floatation, takeovers and mergers.
- Feasibility studies on all types of properties.
- Acting as an expert witness, independent valuer or arbitrator in valuation disputes.

Development and Town Planning Consultancy

Real estate development is a complex process, which needs professional expertise and judgment. Through proper training and experience, General Practice Surveyors can provide a comprehensive range of professional services covering:

- Market studies and evaluation of development opportunities.
- Negotiation with Government on modification, surrender and regrant of land leases.
- Applications and appeals to the Town Planning Board in respect of change of uses.
- Preparation of detailed financial assessments, cash flow studies and expenditure control systems throughout the development period.
- Preparation of development and design briefs.
- Constant monitoring of the development to ensure that it meets the client's requirements and reflects market needs.

Sales, Lettings and Auctions

General Practice Surveyors, on behalf of clients, negotiate the purchase, sale or leasing of all types of land and buildings. They may act as auctioneers in the disposal of properties or as owner's agents in selling properties by private treaty or tender. They may also advise on marketing strategy and on the preparation of sale and lease documents.

Property and Asset Management

In a society of rising user expectations, good quality professional management services are an essential element to sustain and enhance the value of the property. General Practice Surveyors have been involved in the management of all types of properties. They negotiate with tenants on rent review, lease renewal and re-letting of premises. They also advise on situations of refurbishment/ renovation and redevelopment. Upon the securitization of properties, General Practice Surveyors will also contribute their expertise to the long range investment strategy and property portfolio planning.

Business Valuation

Contemporarily, experienced General Practice Surveyors are engaged to provide independent valuation of trade-related business assets and business enterprises in connection with mergers and acquisitions activities in Hong Kong and mainland China.

Apart from their work in the private practice, General Practice Surveyors are also employed by the Hong Kong SAR Government in various departments such as the Lands Department, Rating and Valuation Department and Housing Department to handle work including government land disposal, resumption, rating, taxation, public housing and home ownership scheme so on and so forth.

Land Surveying Division

The Land Surveyor

Broadly speaking, land surveying is an art of position fixing. Surveyors involve themselves in all sorts of civil engineering works and land developments such as building houses, roads, bridges, canals, viaducts, defining property boundaries, preparing plans from various surveys and managing properties. Closely related to the development of civilisation of mankind throughout the world, the profession has contributed to the transformation of sparsely populated and undeveloped areas into modern industrial and commercial metropolises. Like other professions, advancement of technology has led to specialisation and land surveying is of no exception.

Cadastral Surveying

Cadastral Surveying is concerned with the physical determination of boundaries and areas of land properties. It is always advisable for landowners and developers to ascertain the boundaries and area entitlements of their properties by land boundary surveys prior to any land development. There are at present two legislations in Hong Kong which provide for the control of professional services in this aspect. Registered Professional Surveyors of the Land Surveying Division [RPS(LS)] registered under the Surveyors Registration Ordinance and Authorised Land Surveyors [ALS] registered under the Land Survey Ordinance are well-qualified professionals to conduct land boundary surveys. Under the Land Survey Ordinance, any legal instrument effecting a subdivision of land must be accompanied by a land boundary plan prepared and certified by an ALS for registration with the Land Registry. The main services provided by RPS(LS) and ALS include:

- Re-establishment of land boundaries for valuation, land transaction and various land development purposes;

- Setting out of land boundaries; and
- Preparation of certified plans for subdivision of land parcels.

Engineering Surveying

This type of surveying relates closely to civil engineering projects. The preparation of initial survey plans for detail design, setting out of critical points for construction and the measurement of earthwork quantities for payment are types of works under this category. Land Surveyors are actively involved in the construction of roads, flyovers, bridges, seawalls, railways, tunnels and skyscrapers. Land surveying techniques are also being used in industries like shipbuilding, aircraft construction and fixing of machinery where high precision on position determination is required. Monitoring of unstable structures, reservoirs, bridges, slopes, and areas is part of the works that may not be familiar to the public but important in protecting lives and properties. Major services provided under this category are:

- Preparation of initial site survey plans;
- Preparation of photo mosaics superimposed with engineering layouts for planning of engineering projects;
- Computation of construction alignments for civil engineering works;
- Setting out pre-determined positions for construction;
- Measurement of earthwork quantities; and
- Monitoring of unstable structures, bridges, reservoirs, slopes and areas.

Geodetic Surveying

The purpose of Geodetic Surveying is to establish a very accurate main survey framework. It involves the establishment of a national network of horizontal and vertical reference points covering an entire territory.

Land Surveyors use very precise equipment for taking measurement over a large area for establishment of accurate survey network. With the advancement of space technology, Land Surveyors often use a satellite system, called Global Positioning System (GPS), for measuring points which are many or even hundreds of kilometers apart.

In the Hong Kong SAR, the Lands Department of the Government establishes and maintains the main survey framework. Trigonometrical stations situated on hilltops, traverses installed along the roadside and benchmarks on bedrock constitute the geodetic control point system. By connecting to the network, any survey can be tied together with respect to a unique reference system. In fact, the position of many land boundaries, roads, railways, bridges and construction works are referred to this system. Major services provided under this category are:

- Taking precise observation and maintaining the monuments of networks of horizontal and vertical reference points;
- Establishment of a territorial common reference system; and
- Detecting and measuring the movement of the earth's crust for scientific research and reducing the impact of natural disaster.

Topographic Surveying and Digital Mapping

Mapping is a national service for security and development. Maps have been in use for thousands of years. Besides being a principal means of position locator, accurate maps are necessary for effective management of our environment.

With the use of emerging technology in the Topographic Surveying and map revision, the complete series of 1:1000 scale maps covering the whole territory of Hong Kong have been available in digital form. Digital topographic information is the basic building block to support the sustainable development, natural resources management, environmental protection, urban planning and utilities management. Additionally, Digital Mapping forms the basic foundation for other information systems such as community services information systems, electronic street guide systems, natural disaster management systems, transport management systems and many others. It is foreseeable that many disciplines will benefit from Digital Mapping. As the advancement of technology has resulted in lower system costs and

continual improvements in Digital Mapping, a much wider application of digital map data throughout government, business and industry can be achieved.

Land Information Management

In the Land Information Management aspects, Land Surveyors are engaged in the collection, integration and dissemination of a wide range of spatial information. With the use of geographic information system technology, Land Information Management is rapidly penetrating a number of application domains such as environmental conservation, urban planning, pollution control, transport management, emergency rescues and many others. Land surveying is the most basic activity to create and maintain building blocks for the setting up of geographic information systems and Land Surveyors are in a good position to make valuable contributions to these systems.

Photogrammetric Surveying

Photogrammetry is the science of measurement by means of photographs or digital imagery.

The photographs and digital imagery can be captured on ground, under water and in air. Photogrammetric Surveying is the method of producing graphic plans, digital data, and computer models from photographs or digital imagery. Major services/products provided under this category are:

- Digital mapping;
- Digital terrain model;
- Orthophoto/orthoimage;
- 3D digital map;
- Deformation monitoring;
- Landslide investigation; and
- Antiquities and heritage sites recording.

Hydrographic Surveying

Safe navigation and subaqueous construction require an accurate knowledge of the depth and topography of the seabed. Land Surveyors have used different techniques including the Differential Global Positioning System (DGPS) in the hydrographic survey for positioning. In harbours and their approaches, the depth has to be constantly monitored. As the seabed is hidden from the naked eye, its profile is determined by an echo sounder which sends sound waves down to the bottom of the sea and calculates the depth by measuring the time required for the signal to return to the surface.

In the Hong Kong SAR, the Government has taken over responsibilities from the British Admiralty for producing navigation charts for the Hong Kong Waters. Major services provided under this category are:

- Measurement of water current;
- Bottom sampling;
- Location of rocks, lights, buoys and wrecks;
- Determination of channel depths and preparation of charts;
- Determination of subaqueous excavation quantities; and
- Collection of any information relating to marine navigation.

Planning & Development Division

The Planning & Development Surveyor

Real estate development is a complex process which requires professional input of various kinds throughout different stages of the process, from project inception to its completion. Planning & Development Surveyors, as a town planning and development consultant, can provide a comprehensive range of professional services to suit the specific needs of their clients.

Property Development Development Feasibility Study

Prior to inception of a development proposal, Planning & Development Surveyors provide clients with necessary site search and detailed analysis, and advise them on property values and appropriate land acquisition strategies. They conduct detailed market research to understand specific markets and recommend the appropriate type and mix of land uses, and the optimal scale of development with a view to maximizing project return while minimizing the risks. Development appraisal, covering land and property valuation, cash flow analysis, project return estimation, sensitivity analysis, etc., can be undertaken to test the viability of the development proposal under different scenarios.

Land Administration Input

Planning & Development Surveyors specialize in the interpretation of lease conditions; can advise on compliance with the lease conditions or any modifications to the lease conditions required; can act for the land owner to submit an application to the Lands Department for a modification (or surrender and re-grant) of their land lease, negotiate with the Government on the lease terms and conditions (including the land premium); and assist in the execution of the lands document.

Town Planning Applications

Depending on the statutory town plan zoning that the development site falls within, development on it may require prior approval from the Town Planning Board. Planning & Development Surveyors can advise on zoning implications and the strategy to submit planning applications, review and or appeal; and coordinate with other professional experts to prepare the necessary technical impact assessments to support the planning application. Professional services may also be provided in submitting planning objection to gazetted town plans to safeguard the interests of land owners.

Development Project Management

Property development requires a wide range of input from various disciplines. Planning & Development Surveyors can help to set up a right team for development projects with team members coming in at an appropriate time during the process; monitor the project progress against the development programme; advise on re-distribution of resources; and to resolve issues arising during the development process.

Project Evaluation

In order to update the clients on the change in financial position of the project, Planning & Development Surveyors will carry out continual evaluation of the development proposal throughout the development process. It is done by inputting the actual cash inflow and outflow as well as a more accurate forecast on future income and expenditure into the financial model. A regular review of the property market trends can ensure that the development meets the client's requirements apart from the supply and demand situation in the market.

Town Planning

Public Sector

Planning & Development Surveyors are involved in the formulation of planning, land, housing, environmental and other development strategies and policies; participate in the preparation of statutory town plans under the Town Planning Ordinance and the non-statutory departmental and layout plans. Major development briefs are also prepared to guide development. Through the statutory and non-statutory plans, they regulate and control the type of land use and property development permitted having regard to the relevant planning policies, the environmental context and specific site characteristics.

Private Sector

Planning & Development Surveyors advise clients on the extent to which the use and value of their land and property would be affected by town planning and environmental policies. The most common professional services include preparation, coordination and/or submission of planning applications, master layout plans, rezoning requests and planning objections; acting on behalf of clients in making written representations; and attending hearing in planning review, appeal cases according to the Town Planning Board and Appeal Board proceedings respectively.

Other Common Professional Services

Planning & Development Surveyors also assist clients in site planning and advise on urban design matters together with the relevant design experts. They also specialize in coordinating large-scale planning studies usually supported by various technical impact assessments e.g. Environmental/Ecological Impact Assessment (EIA), Drainage Impact Assessment (DIA), Traffic Impact Assessment (TIA), Geological Impact Assessment (GIA), Landscape and Visual Impact Assessment (LVIA), and Social Impact Assessment (SIA).

Property & Facility Management Division

The Property & Facility Management Surveyor

Professional surveyors have always been engaged as estate surveyors, estate director/ managers, property managers, maintenance managers, property service managers, facility managers, etc. in the day-to-day and strategic management of properties, assets, and estates in the public and private sectors. We have contributed to the professionalism, quality and excellence of the property management of governmental, corporate and private commercial, industrial and residential buildings. Our responsibilities are wide ranging and have included the following: strategic facility planning; asset management; space planning management; real estate design and management; operation and maintenance; property management; corporate real estate and related services.

Employment of PFMS

Professional Surveyors are employed in over 140 organisations spreading across 10 different sectors. This includes the Government, Government agencies, public corporations, developers, property and facility management services providers, multi-national companies, international real estate consultants. We provide in-house or consultancy services in strategic facility planning, asset management, space planning management, real estate design and management, operation and maintenance, property management, corporate real estate and related services.

Training and Competencies

After obtaining the relevant academic qualification, candidates wanting to become Property & Facility Management Surveyors (PFMS) are required to

undergo at least 400 days of recognized professional training to acquire the required level of professional competence in three major areas of competencies. In the area of Mandatory Competencies, candidates are expected to achieve general knowledge and understanding in all of the following:

- Core skills: ethics, knowledge of HKIS structure, rules and regulations;
- Basic business and communication skills: self management and customer care;
- Information technology: analysis of information and data;
- Law: dispute resolution and conflict avoidance; and
- Health, safety and environmental awareness

They are also required to acquire general knowledge and understanding in two of the following Optional Skills: Business management, Organisational Leadership, Negotiation Skills; Managing People and Resources, Recruitment and Selection; and Accounting Principles and Procedures.

Candidates may choose two out of the following four Core Competencies and engage themselves in such breadth and depth in knowledge application and analysis with the ability to give advice. These competencies are grouped under Property Asset Management, Corporate Real Estate, Project Management, and Property Management. Finally candidates are required to achieve general knowledge and understanding in two of the following five Non-Core Competencies: Finance Management, Human Resources and Organisation Management, Information Technology and Communication Management, Quality and Performance Management and Benchmarking, and Major Research. This will lead to the knowledge necessary to be an outstanding Property & Facility Management Surveyor.

The Quantity Surveyor

Quantity Surveyors are professionals who have been trained as construction cost consultants. They possess expert knowledge of costs, values, finance, contractual arrangements and legal matters pertaining to the construction field.

Quantity Surveyors provide appropriate services to suit diverse needs and the majority of their employers or clients include professional quantity surveying firms, private developers, corporations, Government departments and related bodies, building and civil engineering contractors, insurance companies etc.

Quantity Surveyors are equipped to provide advice concerning various disciplines ranging from building construction, and civil and structural engineering, to petro-chemical installations and mineral extraction.

Preliminary Cost Advice

From the outset, Quantity Surveyors give practical advice on the likely cost of a project. Cost studies and advice including, but not limited to, alternative design solutions, structural forms, choice of materials, construction sequences and maintenance costs are also prepared. From such information, a detailed cost plan is developed for budgetary control.

Cost Planning

Cost planning is a specialist technique developed by Quantity Surveyors. Its aim is to help all members of the design team – architects, engineering consultants, interior design specialists and the like – to jointly maximize practical and aesthetic design solutions for a project whilst keeping within the Client's budget.

Once a cost plan is prepared, and a realistic estimate agreed, effective cost planning ensures that everything that follows is in accord with the plan, from the acceptance of the successful contractor's tender to the final project cost.

In planning construction costs, maintenance and running costs are borne in mind, thus helping to achieve a project that is cost effective throughout its life.

Cost Control & Financial Management

Cost control is one of the most important processes in any capital project. The basic objectives are to achieve for the client the best value for money, to maintain the required balance of expenditure between the various parts of the project, and to keep the final expenditure within the client's approved budget.

When clients, or their consultants, decide to effect changes to the designs and introduce variations, Quantity Surveyors rapidly assess and report the cost implications of the changes.

In principle, cost control consists of three basic steps; namely:

- establishing an overall cost target;
- checking any deviations that affect the cost target; and
- taking such remedial action as is necessary to preserve the target.

In practice, the process of cost control embraces a range of professional activities such as cost analyses of earlier projects, cost planning/estimating, cost studies of alternative construction options, cost checking during the design stage, cost reconciliation during the tendering stage, and cost monitoring during the construction stage.

Cost planning facilitates improved economic standards, and so better value for money, during the design stage, whilst constant monitoring during the construction phase ensures that the risk of overspending is identified early so that prompt corrective action may be taken.

Cost estimates and financial reports, which are regularly produced by Quantity Surveyors, form an important aspect of the financial management of capital projects. Periodic financial reports enable clients to anticipate and control their future financial commitments.

Value Management

Value management is a systematic approach to eliminate waste from a design or client's brief, while at the same time retaining the safety and key functions of the project.

The objective of value management is to provide the project functions to the required standard and quality having regard to the best value for the money expended. This does not necessarily mean at the lowest initial cost, but the highest value considering all factors impacting upon the project as a whole.

Quantity Surveyors are well qualified to lead value management studies on a project. The structured nature of value management permits the project team to obtain a clearer understanding of the project functions and objectives hence being able to reduce unnecessary costs. Value management also addresses the whole life implications of the building design both in terms of cost and the client's business objectives.

Procurement Methods

Quantity Surveyors have the expertise, knowledge and tools required in the selection of the "right" contractors and suppliers for any given project.

No two projects are the same. Most major projects (and many smaller ones) are individual challenges and need individual solutions.

The most common method of procurement is through competitive tendering based on a variety of forms of contract and options. The bills of quantities prepared by Quantity Surveyors have been used world-wide as the basis of tendering for many decades. During construction, bills of quantities also

form a crucial element in effective cost control as well as the basis for the valuation of variations.

On occasions, the situation may warrant other forms of tendering and contractual arrangements. These include design and build, guaranteed maximum price, construction management, prime cost contract and cost plus, to name just a few. Quantity Surveyors provide advice on the best choice of contractual arrangement to suit the circumstances of each individual project.

Tendering

Competitive tendering of one kind or another remains the usual basis for awarding construction contracts, and bills of quantities are fundamental to this process. Bills of quantities translate the drawings, plans and specifications produced by the designer into a document that enables a contractor to calculate his tender price fairly and accurately, on exactly the same basis as his competitors.

Valuation of Construction Works

In most construction contracts, the contractor is paid monthly. Quantity Surveyors prepare interim valuations of the work carried out on the project at regular intervals and submit recommendations for payment.

Quantity Surveyors are normally retained throughout and beyond the completion of the project in order to facilitate the settlement of the accounts, when all necessary adjustments are dealt with. If required, they will also prepare any analyses of the final account that may be required, prepare statements of expenditure for tax or accountancy purposes, and assess the project's replacement value for insurance.

Financial Claims & Programme Analysis

Quantity Surveyors also prepare, and provide specialist advice and responses to claims, counterclaims and the like, for both time and money, including:

- extension of time analysis: forensic analysis and delay demonstration techniques;
- delay and disruption: time slicing, project analysis and productivity analysis; and
- direct loss and/or expense: preparation of claims, responses to claims, auditing and analysis.

Dispute Resolution

If disputes arise, Quantity Surveyors offer the following expertise and technical knowledge:

- independent appraisal of the strengths and weaknesses of an employer's and/or a contractor's case concerning quantum;
- technical advice and assistance throughout the dispute resolution process;
- preparation of particularized documents including technical position papers, assistance with pleadings, further and better particulars and witness statements; and
- when suitably experienced, to act as expert witnesses for quantum or other associated specialist areas.

Insurance Advice

Quantity Surveyors may choose to pursue their career in the field of construction insurance. The construction insurance professionals work in a variety of capacities in different organisations; examples of which include:

- insurance administration personnel working for contractors/developers/consultants/ public entities/Government/insurers/or other employers;
- loss adjusters for loss adjusting firms on behalf of the insurers;
- underwriting personnel for insurance brokers/ insurers; and
- risk assessment personnel for insurance broker/ insurers.

Young Surveyors Group

The Young Surveyors Group (YSG) is a section of the Hong Kong Institute of Surveyors representing the interests of more than 3,500 members – comprising student members, probationers and young qualified members of all divisions – the power of the surveying profession in future.

A YSG representative, usually the Chairman of YSG, sits on the General Council and Executive Committee of the Institute and YSG representatives are nominated to various Divisions, Boards, Panels, Committees and Working Groups of the Institute in order to express the views from YSG members' perspective.

YSG organises CPD (Continuing Professional Development) and PQSL (Pre -Qualification Structured Learning) events to provide opportunities for our members to learn from outstanding personalities of the industry, academic or government and also help student members to tackle the Assessment of Professional Competence (APC). It organises and participates in various social events such as leadership training, sports competitions, dragon boat competition, volunteering services, fund raising campaigns, annual dinner and wine tasting training. Apart from the traditional events, it continues to create new themes for members such as goodwill visits to the Mainland and other professional institutions. These are introduced to provide an excellent opportunity for YSG members to train their presentation skills and learn from celebrities within our society.

Beyond the Institute, YSG encourages young members to participate in different kinds of activities. For example, YSG members are actively involved in the annual Education & Careers Expo and HK Real Estates Service Expo in Mainland, which are organised by the Hong Kong Trade

and Development Council, with senior members appointed by the General Council and Divisions. Furthermore, educational visits to universities and promotional visits to colleges and schools have been organised to communicate with undergraduates of universities and to promote the surveying profession respectively.

President's Report

會長報告

Team Effort

It has been my great honour to be the President serving the Institute for Council Year 2008/09. This report serves to record what has been done. For those tasks which are yet to be accomplished, they will be in the able hands of the incoming Council led by Prof KW Chau. To pass judgement on our achievement, of course, is the prerogative of our members. What has been done has been the team effort of the General Council, the Executive Committee, the six Divisions, the three Boards, and numerous working groups, committees and sub-committees. Credit should also belong to those who may not have come to our meetings or attended our events. You simply care to read this report, and show your support to the Institute, to our profession.

When we issued our Election Platform for the Council, we were facing the greatest uncertainties ever. The first item on our agenda was to keep the whole profession together. We drew up some plans to ask the Government to shore up the capital expenditure on construction and infrastructure projects. Much credit was due to the Government for its very positive

response. The speeding up of the 10 Infrastructure Projects, the Operation Building Bright, and the very timely pledges in speeding up payments to contractors and consultants were all firm evidences of the Government's support.

Raising the Surveyors Profile

The Institute sustained a healthy growth of membership. As at the end of November 2009, the total membership reached 7,400, with a corporate membership of 4,818. The Institute and our members

continued to take an active part in many activities. "Public engagement forum" and "focus group" are terms which find popularity with the Government and policy makers, who never underestimate the need to reach out to stakeholders and the general public for policy ideas and support. The Office Bearers and Council Members from the Divisions have attended over 20 such forums. To quote a few: Forum on Yau Ma Tei Urban Design and the Conservation of Yau Ma Tei Police Station; Urban Design Study for the

New Central Harbourfront; and Forum on Proposed Gradings to the 1,444 Historic Buildings organized by the Antiquities Advisory Board.

Engaging Members

The Institute was proactive in providing comments and advice on Government's policies and initiatives. We made written submissions and attended Legislative Council panels on various subjects:

Date	To	Subject
16 Feb 2009	Legislative Council	Provision of Public Facilities in Private Developments
13 Mar 2009	Legislative Council	Panel on Development and Panel on Administration of Justice and Legal Services Joint Subcommittee on Amendments to Land Titles Ordinance
27 Mar 2009	Buildings Department	Comments on revised draft Code of Practice for Mandatory Building Inspection Scheme
4 May 2009	Legislative Council	Subcommittee on Building (Minor Works) Regulation
12 Jun 2009	Construction Industry Council	Security of Payment Guidelines for Dispute Resolution
9 Jul 2009	Legislative Council	Panel on Development Proposals to facilitate redevelopment by the private sector: application threshold under the Land (Compulsory Sale for Redevelopment) Ordinance
20 Jul 2009	Department of Justice	Hong Kong Mediation Code - Consultation on proposed framework
21 Sep 2009	Legislative Council	Bills Committee on Arbitration Bill Meeting on 5 October 2009
6 Oct 2009	Chief Executive HKSAR	Chief Executive Policy Address 2009
23 Oct 2009	Construction Industry Council	Consultation on Site Safety Training
11 Nov 2009	Council for Sustainable Development, Environment Bureau	Building Design to Foster a Quality and Sustainable Built Environment Invitation for Response Document 2009
24 Nov 2009	Development Bureau	Mainland and Hong Kong Closer Economic Partnership Arrangement (CEPA)

These submissions and many other views expressed by our members received a good share of media coverage.

Humble Yet Eventful Celebration of our 25th Anniversary

By any standard, it would not be appropriate, amidst uncertainties of the Global Financial Crisis, to be lavish with our 25th Anniversary celebration. A last-minute amendment was therefore made to our Election Platform, to the effect that we would have a "humble yet eventful" celebration. We did just that. With the Hon CY Leung as Chairman, SVP Stephen Yip as Convener, and enormous support from our young members, the 25th Anniversary Organizing Committee was set up. A Silver Jubilee Party was held on 26 April 2009. Over 180 members and guests attended, along with Past Presidents and Council Members. On 9 May 2009, a race at the Shatin Racecourse was named "The HKIS Silver Jubilee Cup Race" when our 25th Anniversary celebration was brought to another climax.

Surveyors Contributions and Opportunities

After discussion with Mrs Carrie Lam, the Secretary for Development, we wrote a letter on 2 April 2009 to the Government to voice our concern over the deterioration of job opportunities for land surveyors and quantity surveyors in infrastructure projects. Many job openings for which professional surveying expertise was required were either turned to non-surveying professionals or included in the services to be provided by contractors. The matter received positive response from the Government. In her reply dated 27 July 2009, Mrs Lam assured that the Government would not switch surveying posts to engineering posts or transfer survey responsibility to the contractors to reduce the level of surveying services. Meetings to discuss working details were held with Ir CK Mak, Permanent Secretary for Development (Works).

At a global level, affecting the well-beings of not only the surveyors but also the society at large, we wrote to the Hon Donald Tsang, Chief Executive of the HKSAR, to set out the surveyors views on the Policy Address 2009 and how we surveyors could help in various policy areas including heritage preservation, sustainable development, urban renewal strategy review, attracting young talents to become professionals, and upholding professionalism.

Sichuan Reconstruction

Contributing to the community in Hong Kong and China continued to be the prime mission of the Institute. Along with other professional institutions, we continued to provide technical support to the Development Bureau in the HKSAR's effort in Sichuan Re-construction.

In April, through co-operation with the Zhong Hua Construction Foundation (led by Prof Francis Lau), we had the opportunity of visiting a village bordering between Chengdu and Beichuan to witness the progress of re-construction works in Sichuan. What struck us most was that, despite the huge trauma that they had gone through, loss of their families and beloved ones, the villagers had the amazing resilience to bounce back. In a subsequent report in the Surveyors Times, I mentioned a young girl from Shandong who risked her life to take part in the emergency relief and reconstruction work. After the article was published, feedbacks from fellow members were overwhelming, sharing their thoughts on how Hong Kong people should follow the little girl's good deeds and her exemplary selfless contribution.

Collaboration with Industry and Counterpart Institutions

The Institute has kept close contact with our counterparts in the industry. Apart from attendance at various functions and events, there were a lot of issues that we shared interests and the same goals with other local professional and contractors institutions, e.g. HKIA, HKIE, HKIP, HKILA, HKCA, HKICPA,

HK International Arbitration Centre, the Law Society of Hong Kong and the Hong Kong Bar Association.

The issues we have been working on include:

- CEPA implementation and reciprocity agreements with Mainland professional institutions
- Compilation of Record for Hong Kong Historic Development (香港地方誌)
- Sichuan reconstruction
- Selected sites for heritage restoration / redevelopment

Mainland and International Liaison

To reciprocate further agreements with counterpart professional institutions, and to see that our members can practise in the Mainland has remained high on our agenda. In-principle agreement was reached with the China Institute of Real Estate Appraisers (CIREA) and China Engineering Cost Association (CECA) for the second batch of reciprocity arrangement. Details are being followed up the General Practice Surveying and Quantity Surveying Divisions. Discussions were ongoing with the Mainland authorities on CEPA implementation and opening up of further business opportunities.

Through representatives from Divisions and the Council, effective communication and exchange of knowledge were maintained with our counterparts at the international front.

The 7th FIG Regional Conference, Hanoi, Vietnam

The Pacific Association of Quantity Surveyors 13th Annual Congress, Malaysia

Focused discussions involving the Board of Education, the Board of Membership, the Board of Professional Development, and the Divisions were held to explore means for better gearing the Assessment of Professional Competence (APC) to the changing industrial needs and practices.

6th Beijing - Hong Kong - Macau Conference on Geomatics

Researches, Publications and Conferences

During the Council Year, the following research projects were completed or on-going:

- Benchmarking of the Management and Maintenance Fees for Residential Buildings in Hong Kong (completed)
- Benchmarking of the Management Fees in Commercial Properties in Hong Kong (completed)
- Forecasting Manpower Supply and Demand of Quantity Surveyors in Hong Kong (in progress)
- Pattern Recognition on Cultivation and Natural Vegetation in Hong Kong Aerial Photos (in progress)
- A Review on the Use of the Standard Form of Building Contract (2005) in Hong Kong (in progress)
- Green Management Practice Methods in Hong Kong (in progress)

Visits to Universities and APC Review

Led by KC Tang, Chairman of the Board of Education, a series of visits were paid to the three universities offering surveying courses: the City University of Hong Kong, the Hong Kong Polytechnic University, and the University of Hong Kong, with a view to bridging the gap between curriculum and vocational requirements.

- Evolutionary Process of the Development of Spatial Data Infrastructure (SDI) in Hong Kong Part I: Top Directive and Policy Support (in progress)

Publications issued during the current council year include:

- 準業主收樓指南 / Flat Inspection Guide (English Version)
- Benchmarking of Management Fees for Residential Properties in Hong Kong
- 「強制售賣」概覽 / Compulsory Sale (Cap 545) booklet (in Chinese)
- HKIS Guide to Good Property Management Practices
- Guide to Prepare a Building Maintenance Manual

Conferences covering the following topics were held:

- Building Surveying Division Annual Conference, 5 September 2009
"Building a Green and Sustainable Future"
- HKIS Annual Conference, 26 September 2009
"Surveyors in Urban Regeneration"
- Property and Facility Management Division Conference, 31 October 2009
"PFM A Greater China Perspective"

Web-site Revamp and E-publication

A working group conducted a review of the existing performance and scope of improvement of the Institute's website. Changes would be implemented in phases, with immediate attention being paid to enhancement in searching, e-publication, and forum discussion facilities.

Young Surveyors

A lot of the initiatives and activities on which I have reported could not have been possible without the active participation and support by our young members. My encounters with the YSG have always been enjoyable and enlightening.

The HKIS Young Surveyors Award 2009 was successfully organized by the YSG. The event received a lot of public attention that it deserved. Praise and credit go to not only the winners (Lesly Lam, Tony Wan, Billy Wong, Tzena Wong and Winnie Wong, in alphabetical order) but also the whole new generation of surveyors they proudly represent.

One Institute

My heartfelt thanks once again to all, inside and outside the Council and Boards, who have worked so hard throughout the year. I started the council year saying that I felt guilty for taking credit for others effort and achievement. Upon completion of the Council term, I feel less guilty, not because I am any more deserving of being your President, but because of the common goal that has been manifested throughout the year, for a united profession for the betterment of our society.

Francis Leung
President (2008/2009)

Treasurer's Report

for year ending 31 July 2009

Dear Members,

I am pleased to table the audited account of the Hong Kong Institute of Surveyors (HKIS) for the year ended on 31 July 2009 for your information.

The total revenue of HKIS for the year is HK\$14,445,880 which is less than the amount of HK\$14,638,263 in the previous year. The general and administrative expenses for the year amounted to HK\$14,851,273 which is less than the previous sum of HK\$15,206,608. As a result of the decreased revenue, we have recorded a deficit of HK\$405,393 which is less than the deficit of HK\$568,657 in the previous year. The accumulated fund of the HKIS at the end of the financial year is HK\$13,636,545.

The decrease in our revenue was primarily due to the reduction of interest income from the fixed deposit. Moreover, due to the new rental charges since March 2007, relatively high expenditure is maintained. In addition, there are several other items that contributed to the overall expenditure. These include: increased activities and events organised by the HKIS and Divisions for 25th Anniversary functions, public relation activities, legal services for disciplinary proceedings, attendance at international and regional conferences, mainland and overseas visits, subscriptions for international organizations, and research projects.

On the Divisional Councils and Young Surveyors Group accounts, there is an accumulated fund of HK\$2,649,127 as compared with HK\$2,301,407 in the previous year. The breakdown is as follows: -

Division	HK\$
Building Surveying	548,613
General Practice	579,691
Land Surveying	72,806
Planning and Development	25,144
Property and Facility Management	103,513
Quantity Surveying	670,024
Young Surveyors Group	649,336
Total =	2,649,127

Despite the deficit of our account, the financial position of the HKIS is in general considered healthy. The General Council is mindful of the financial position and will explore all means to improve it. We will continue to ensure that the HKIS is well placed financially to face the challenges of the future.

Finally, I am delighted to have the opportunity to serve the HKIS and its members. I also wish to express my sincere thanks to the Office Bearers, members of the General Council and all staff of the Administration Office for their unfailing support and assistance to me.

Lesly L S Lam, FHKIS
Honorary Treasurer
HKIS General Council 2008-2009

Immediate Past Chairman	: Wong Loi Fat Alex

Council for 2008-9 with our guests in Annual Dinner

The number of corporate members under Building Surveying Division increased 78 to 857 and we have more than 600 probationers under professional training. I would like to take this opportunity to thank for the indisputable efforts of Divisional Education Committee, the assessors and the probationers. Without your concerted efforts, we could not have 10% surge in membership during 2009. In this annual report, I am going to summarize our member output in different regimes as follows:

Publications

The following publications have been released or about to be released:

1. *Guide to Preparation of Maintenance Manual*
The first edition was launched in September 2009. Thanks for the effort from the convenor of the working group, Mr Kenny Tse and the research done by Dr Edward Yiu. It was well received by the practitioners as it was the first publication in this aspect.
2. *Standard Form of Contract for Maintenance and Renovation Works*
The joint venture project with QSD is about to be completed after continuous effort paid by the working group.
3. *General Specifications for Maintenance Works*
The drafts have been finalized and due for release. Thanks for the effort from the convenor Mr Alan Sin, and working group members including Mr Nathan Lee and Mr Vincent Ho.

Public Consultations

Our views on building-related matters have been expressed either through written submissions or attending the LegCo Panel Meeting during public consultations from the Government.

1. Mandatory Building Inspection Scheme (MBIS) and Mandatory Window Inspection Scheme (BWIS)

Building surveyor is one of the stakeholders of the MBIS and MWIS. As the related legislations will be submitted for Legco's approval, we have set up a working group to closely monitor the development of this scheme and the preparation of associated Code of Practice.

2. Public Engagement on Measures to Foster a Quality and Sustainable Built Environment

We took the lead to respond to the consultation paper on behalf of the Institute with the written response submitted in November 2009.

3. Buildings (Minor Works) Regulation

Our representative has attended a LegCo sub-committee meeting on the proposed legislation to express our support to the proposed system and urge for early implementation.

Relationship with the Media

In recent years, we have been considered as relatively low profile comparing with other divisions or professional institutes. In 2009, we invited three experienced and esteemed practitioners, Mr Raymond Chan, Mr David Chan and Mr Vincent Ho to be our spokespersons. Through their established links with the press and TV media, our views and comments on Annual Budget of the HKSARG, Building Design to Foster a Quality and Sustainable Built Environment and Review of Air Quality Objectives, etc. have been announced. Besides, we have expressed our views on the Budget Speech 2009 through press release on aspects related to Green Buildings, Establishment of Development Opportunities Office to Promote Private Development Projects, Urban Renewal and Building Maintenance. Moreover, a press release was adopted to express our views on establishing a registration system on signboards.

Liaison with China Association of Engineering Consultants (CAEC) and China Counterparts

Representatives from the HKIS attended two annual summits organized by the CAEC held in Beijing in December 2008 and in Namning in December 2009. Mr C.K. Lau and Mr Raymond Chan, being the speakers in the summits in Beijing and Namning respectively, shared their invaluable experience in construction project management. Moreover, representatives were sent to attend the Mainland and Hong Kong Construction Forum held at Chengdu in April 2009. During the forum, Mr Samson Wong delivered his speech "Quality Building Maintenance

and Management for Sustainable City" while Mr Cheung Hau Wai chaired a discussion forum named "Building a High Quality City". Seizing these precious chances, close liaison has been made with Guangdong Branch of the CAEC in order to furnish the way for our members who have obtained the necessary qualifications to firstly complete the registration and then start practicing in Guangdong Province as agreed by the Ministry of Construction in the trial scheme.

Delegates from the HKIS attended the CAEC Summit Conference in Beijing in December 2008.

Delegates from the HKIS attended the CAEC Summit Conference in Namning in December 2009.

CPD Events and BS Conference 2009

CPD events organized by BSD in 2009 are listed as follows:

1. Evolution of Surveyor as Independent Expert Witness
2. Workshop for Water Seepage
3. Integrity and Quality Building Maintenance and Renovation
4. Building Information Modeling A Revolution in Building and Construction

5. 歷史建築的保護和作用
6. BSD APC Revision Course 2009

Moreover, BSD Conference 2009 with the theme 'Building a Green and Sustainable Future' was successfully held on 5 September 2009. I believe those who attended the conference would find the content informative and useful in his/her professional career. I would like to take this opportunity to thank the organizing committee led by Mr Nathan Lee for their concerted effort.

Keynote Remarks of the Conference was delivered by the Under Secretary for the Environment Dr Kitty Poon Kit.

(From right to left) The Under Secretary for the Environment Dr Kitty Poon Kit, the HKIS President Mr Francis Leung, our distinguished speakers Mr C. W. Tse and Mr Alfred W. H. Sit.

Other Initiatives

1. Working Group to follow up maintenance initiatives
Working group has been formed under the leadership of Mr Peter Dy and Mr Kenny Tse. This working group will look after both current issues and public consultations related to maintenance aspects like Mandatory Building Inspection Scheme and Mandatory Window Inspection Scheme.

2. Expert Determination on Water Seepage
In view of the formation of joint mediation centre, we anticipate the number of disputes relating to water seepage will increase and hence the demand for alternative means of dispute resolution in turn. A task force has been set up to follow up this initiative so that building surveyors would be recognized to provide expert advice/determination on water seepage cases in dispute resolution. We are liaising with academic institutions to organize training course so as to strengthen our members knowledge in law of evidence, which is an essential knowledge in practicing expert determination.
3. Attract secondary school students to take surveying courses
A scholarship scheme will be offered to secondary school students with a view to attract them to take Surveying courses in their future education path.
4. Encourage more probationers to obtain professional qualification
As mentioned above, we have a fruitful year as there are 78 newly qualified members in 2009, which is slightly more than 10% of our membership size of 779 in 2008. It is anticipated that the recent increasing trend will continue in the coming years.

Vote of Thanks

With the assistance and supports from Office bearers, Council members, Co-opt members, representatives from the YSG, and an increasing number of active young members, we have completed the above tasks successfully. I have to express my sincere gratitude to all of them who have devoted a lot of their time in Council for the future development of Building Surveying Profession.

Divisional Council & Young Surveyors Group Reports

General Practice Division

Lawrence POON
Chairman

An Uncertain Year

Last year, I used “A Challenging Year” to begin my Chairman's Report as our economy was seriously hit by the then financial tsunami with Hang Sang Index dropping by more than 50% within a few months. Financial institutions were reluctant to release loan and as a result many potential property buyers could not proceed with deals that would otherwise be within their ability to complete. It was one of the reasons for the downturn of the property market with residential property price suddenly decreasing by more than 20%. The scale and pace of the financial tsunami might be out of the expectation of most, if not all, investors and financial advisors, but equally out of our expectation was the pace and extent of “recovery” of our economy particularly in the stock and luxury property markets now we have. However, this so-called recovery is full of uncertainty as many global economic indicators are unclear and even contradictory. In Hong Kong, we are under the worry of whether the hot money will flow out in a pace and scale that our economy can bear not mentioning the possible rise of interest rate. In my last Chairman's Report, I mentioned that while individual members might have their own ways to deal with the challenges ahead, the Council would continue to make its endeavor to work for our members, creating the best environment for them to meet such challenges. Although the current economic environment is very different from that of last year, it seems the said statement can also be adopted in my Chairman's Report this year. With our concerted effort, the uncertain year will turn out to be a prosperous year of us.

Members of the Council, Committee and Panels

The current Council comprises the following office bearers and members:

Chairman: Poon Wing Cheung Lawrence
 Vice Chairmen: Chan Chiu Kwok Charles
 Chiu Kam Kuen
 Fok Eugina
 Pang Ho Chuen Lawrence
 Honorary Secretary: Wan Wai Ming Tony
 Honorary Treasurer: Au Sing Hei Edward

Council Members:

Chan Kwok Kin Slayman
 Chan Hon Kwong Louie
 Chan Tat Shing Jeremy
 Cheng Hoi Lai Simon
 Cheung Yat Fai Ronald
 Ho Chin Choi Joseph
 Ho Kwong Ngai Eric
 Ho Siu Keung Alan
 Lam Yam On Jim
 Lau Kin Man Clement
 Lee Suk Yee Ruth
 Tang Chiu Man Thomas
 Tse Wai Hung Cliff

Immediate Past Chairman

Lau Sze Wan Serena

YSG Representative

Jeffrey Wong
 Evangeline Chan

To deal with the wide range of demanding divisional works in an efficient and quality manner, one committee and eight panels have been formed under the Council; they are Education Committee (Louie Chan and Thomas Tang as Co-Chairmen), Business and Property Valuation Standards Panel (Joseph Ho as Convenor), CPD Panel (Serena Lau as Convenor), Disciplinary and Professional Ethics Panel (Jim Lam as Convenor), External Affairs Panel (K K Chiu as Convenor), Internal Communication Panel (Jeremy

Chan as Convenor), Professional Practice Panel (Simon Cheng and Tony Wan as Co-Convenors), Public Relations Panel (Serena Lau as Convenor) and Sales and Marketing Panel (Ronald Cheung as Convenor).

Members may note that for the Education Committee and Professional Practice Panel, there are respectively co-chairmen and co-convenors to reflect the importance and heaviness of their works.

Highlighted in this report are some of the works accomplished by the Council during the past year.

Education Committee

Apart from the perusal of interim reports and approval of diaries, the Education Committee has organized a de-briefing on 12 January 2009 where we had 16 panel assessors attending to share their views on the oral assessment with a view to improving our assessment. The Committee has also organized an APC workshop on 11 July 2009 to help probationers and students to enhance and update their knowledge in this area from four distinguished practitioners. Dr Andrew Chan, a veteran town planner and the Managing Director of PDI Consultants Ltd, has

discussed issues and problems involved in town planning applications. Ms Daisy Wong, Senior Estate Surveyor of the Lands Department, has given an outline of the major aspects of development control under the lease conditions, followed by applications to vary lease conditions to implement planning intention. Mr Andy Leung, an experienced architect and the Managing Director of Ronald Lu & Partners, has shared his insight about the building plan approval process. Mr Eric Ho, Senior Manager of Cheung Kong (Holdings) Ltd and Council Member of the GP Division has provided his side of the story as a practising surveyor. Mr Ho will also review previous APC questions relating to property development.

The Committee, together with the Board of Education, is also in the course of reviewing the APC system aiming at having the review completed next year.

Continuous Professional Development Panel

We have CPD events covering wide spectrum of topics this year. We are delighted to have speakers who are our senior fellow members, experienced practitioners as well as professionals from other professions. The topics covered are:

Date	Topics	Speaker(s)
10 February 2009	Plant and Machinery Valuation Procedures	Mr Mario Maninggo
26 February 2009	Development Potential and the Buildings Ordinance	Professor Barnabas Chung, Professor Chung
18 June 2009	Elderly Housing Challenges & Opportunities	Mr Daniel Lau
11 July 2009	Property Development in Hong Kong	Dr Andrew Chan, Ms Daisy Wong, Mr Andy Leung and Mr Eric Ho
6 August 2009	The latest PRC regulations in real estate and its effect on the property yield	Mr Yu Kam Hung
17 September 2009	Hotel Markets and Trends in Values	Mr Dan Voellm
29 October 2009	Performance and Growth Prospects of Hong Kong REITs.	Mr Tony Tse
30 October 2009	Visit to Shenzhen	Joint CPD with YSG and Guangdong Forum
6 November 2009	Visit to Zhuhai and Macau	Joint CPD event with Planning and Development Division

Membership Reciprocity with the China Institute of Real Estate Appraisers and Estate Agents (CIREA)

A forum on the possibility of having another membership reciprocity arrangement with the

China Institute of Real Estate Appraisers and Estate Agents (CIREA) was held on 19 March 2009 to solicit members views on the subject issue. Further to the forum, the Council has decided to proceed with the reciprocity arrangement and a working group has

been set up to follow up the matter with the CIREA. According to the current schedule, applications will be invited early next year aiming at having the reciprocity arrangement completed in the first quarter of 2010. Tentatively, we adopt the same quota that was set for the first batch i.e. around 100 for both the HKIS and the CIREA.

Memorandum of Understanding for Recognition of Designations

Thanks to K.K. Chiu, Convenor of the External Affairs Panel, an agreement between the Australian Property Institute (API), Appraisal Institute of Canada (AIC), The Hong Kong Institute of Surveyors (HKIS), Property Institute of New Zealand (PINZ) and Singapore Institute of Surveyors and Valuers (SISV), who are all members of the World Association of Valuation Organisations (WAVO), has been reached so that a member of any one of the said professional institutes will be recognized by all other institutes. It is targeted to sign a Memorandum of Understanding for Recognition of Designations at the 4th WAVO Valuation Congress to be held in Guilin during the period of 23 to 26 November 2009. It will be the first time we have a mutual recognition with an appraisal professional institute from North America.

Closer Relationship with Taiwan and Macau

To recognize the importance of outreaching our profession not only to the Mainland but also to other parts of the Greater China, visits have been paid to Taiwan and Macau to foster our link and explore the business opportunities for our surveying profession in these areas. Agreement has been reached to organize a land conference by our Institute in Hong Kong jointly with Macau, Taiwan and Mainland counterparts.

Joint GPD & PDD Fellowship Dinner

The General Practice Division and Planning & Development Division held a joint fellowship dinner on 21 January 2009 at the World Trade Centre Club in Causeway Bay, Hong Kong, with great success. It was the first fellowship dinner for the two Divisions since the establishment of the Institute in 1984. The event was even more meaningful as it happened in the first month of 2009, which is the year our Institute will celebrate its 25th anniversary.

We were most honoured to have our President, Immediate Past President, Office Bearers and other Divisional Chairs joining the dinner. As the dinner

was open to the HKIS members only, members could chat under a very relaxing environment or exchange views on the future development of the Institute with the senior and council members. Views have been expressed by the members that we should make this fellowship dinner an annual event of our Division.

Professional Practice Panel

The various hot issues that have been dealt with include Building Design to Foster a Quality and Sustainable Built Environment, Urban Renewal Strategy Review, Revitalization of Industrial Building, Land Supply System, Re-implementation of Home Ownership Scheme, Provision of Public Facilities in Private Developments, Provision of Information in Sales Brochure, and Development in the Closed Area.

In addition to submission of our position papers on some issues, we have also published a booklet explaining how the Land (Compulsory Sale for Redevelopment) Ordinance (Cap 545) is operated from the laymen perspective. A press conference was held on 26 April 2009 for the launch of the said booklet.

Business and Property Valuation Panel

Due to recent changes to the financial reporting standards and the development of the commercial sectors, the Business and Property Valuation Panel is in the process of rewriting the HKIS Business Valuation Standards and the Property Valuation Standards to meet the current changes in Hong Kong.

At the same time, the Panel is now reviewing the Guidance Notes for Surveyors acting as Independent Experts in Commercial Property Rent Reviews (First Edition 31 October 2000) to cope with the current market need.

Vote of Thanks

Finally, I would like to take this opportunity to express my wholehearted thanks to all the Council members, Committee and Panel members, and other members in various working groups and subcommittees for the efforts and hard works, without which our Divisional works would not have been so successful.

Divisional Council & Young Surveyors Group Reports

Land Surveying Division

SUNG Hon Kwong
Chairman

This year is not a quiet year as Hong Kong is still battered by the swine flu and the full recovery of the world economy was still remote though both the stock market and property market in Hong Kong are booming. Luckily, the government had resumed recruitment of land surveyors and survey technicians so employment opportunity of our members is much better by now. The major infrastructure projects are coming so the future of the land surveying profession will not be too bad. In fact, the construction industry is fighting for land surveying staff to the point that not enough staff is recruited for some of the projects.

As far as Land Surveying Division is concerned, this is a very busy year. Quite a number of working groups and committees have been established in the Institute to look into matters of concern to both the public and the members. A large number of members have been nominated to join these working groups and committees. The Council has also done a lot to serve the members and to keep the business of the Division going.

Conferences

The 10th South East Asian Survey Congress in Bali

Being one of the participating organization, the Institute sent Mr Simon Kwok and I to attend the 10th South East Asian Survey Congress held between 3 - 7 August 2009 in Bali, Indonesia. The theme of the Congress was "Integrating Geo-information Islands". The idea comes from the fact that Indonesia has 17,508 islands and is the largest archipelagic country in the world. The event was held in the Bali International Convention Centre at the Westin Resort Nusa Dua, Bali. Lots of technical papers were presented to arouse fruitful discussion between delegates.

The FIG Regional Conference in Hanoi

The FIG Regional Conference was held in Hanoi, Vietnam, between 19 - 23 October 2009. A delegation of three, including the President from the Institute attended the event. The theme of the event was "Spatial Data Serving People: Land Governance and the Environment - Building the Capacity". Simon was there to present a paper to update the international participants on the Satellite Positioning Reference Station System of Hong Kong. The talk was well received though too little time was allocated for further and in-depth discussion. We also met the President of the FIG to discuss the contribution of the HKIS in this organization and the assistance the FIG could offer to the business of the HKIS.

6th Beijing, Hong Kong and Macao Geomatics Conference

The 6th Beijing, Hong Kong and Macao Geomatics Conference (第六屆京港澳測繪技術交流會) was held between 12 - 15 November, 2009 in Beijing. The theme of the 6th Conference was "城市信息化測繪技術發展及應用". This was also the 50th Anniversary of the Institute of the Beijing Survey and Mapping (北京測繪學會) and we witnessed the grand celebration ceremony. The organizer also arranged technical visits for the delegates to the China National Opera House (中國國家大劇院) and the Olympic Stadium. We had the privilege to visit the VIP area of the Stadium which was not normally open to the general public.

The 6th Across-the-Strait Geomatics Conference

The 6th Across-the-Strait Geomatics Conference (海峽兩岸測繪發展研討會) which would be held in November 2010 in Macao held its first preparatory meeting in Beijing on 16 November 2009 after the

Beijing, Hong Kong and Macao Geomatics Conference when all the representatives from the four regions were in Beijing. Both Simon and I represented the Institute to join the preparatory meeting.

Local and Institution Affairs

Meeting the Permanent Secretary for Development (Works)

To express our concern on the less than adequate land and quantity surveying support in government consultancy civil engineering projects, the Institute had a chance to meet the Permanent Secretary of Development (Works), Mr Mak Chai Kwong, on 25 August 2009. Representatives included the SVP, two QSD members and three LSD members. During the meeting, we provided the Bureau with figures of surveying staff strength of some projects together with our observations. The Bureau agreed to look into the cases and suggested that the two parties might meet regularly in the future.

Research Project in Spatial Data Infrastructure

Dr Conrad Tang, Mr Lesly Lam and Mr Chan Yue Chun had proposed a project titled "Evolutionary Process of the Development of Spatial Data Infrastructure (SDI) in Hong Kong - Part I: Top Directive and Policy Support". If approved, the research project will be carried out in 2010. As the proposal paper stated, "The research will form a general study of SDI development in Hong Kong. Though the technical and co-ordination issues involved are enormous, the researchers feel obliged to advise that many of our neighbouring countries, and many cities in the Mainland, are already far more advanced than us in the setting up and implementation of a standardized infrastructure that allows a diverse community (including utilities companies, private enterprises, government officials and citizens) to access and share spatial data and their attributes (location, installation, life cycle maintenance and replacement), thus facilitating decision making and reducing administrative costs. The Spatial Data Infrastructure should work for the benefit of the community starting from the top directive and policy support, rather than simply becoming a technically imposed solution".

Advisory Committee for the Department of LSGI, HKPU

Simon, as the representative of the Institute, attended the Advisory Committee for the Department of LSGI, HKPU, held on 2 November 2009. The meeting was chaired by Mr Wong Chung Hang, our Past President.

Prof Ding and his fellow professors introduced the development of the relevant courses in the Department.

Co-operation with HKPU LSGI

The LSD has jointly organized with the Department of Land Surveying and Geo-informatics of the Hong Kong Polytechnic University a poster design competition titled "Contribution of the Land Surveying and Geomatics Profession to Infrastructure Projects". The poster design competition aims to promote the land surveying and geomatics services to professionals, employers and the general public. It also enables geomatics students to understand the role of a land surveyor in infrastructure projects. The winning posters may be selected as promotion material for the profession.

CPD Events

The LSD arranged a number of CPD events for the members this year. The most notable one was a technical visit to the Stonecutter Bridge construction site on 11 July 2009. Instead of only arranging highly technical CPD, the Council also decided to arrange CPD on basic surveying topics such as land boundary survey, engineering survey, hydrographic survey etc. to allow members to share their knowledge with those who may not have the privilege to work in these areas.

Education

This year, the LS Divisional Education Committee (LSDEC) organised an APC Workshop for our probationers. The Workshop briefly introduced the APC system and the Rules & Guides. The general content of Cadastral and Engineering surveying was touched upon. Comments from the assessors, typical mistakes and wrong conceptions of candidates were also been discussed. As the response to the workshop was overwhelming, LSDEC decided to organize similar workshops in the future.

Social Functions

LSD Annual Dinner

The LSD Annual Dinner was held on 4 September 2009 at the Eaton Hotel in Kowloon. Honorable guests included Dr Lilian Poon of the Department of the Land Surveying and Geo-informatics of the Hong Kong Polytechnic University, and President of HKIS, Mr Francis Leung, and most of the Office Bearers,

Divisional and Board Chairmen. About 70 guests and members enjoyed a night of good food, chances of relinquishing old friendship and acquainting new ones. Fabulous prizes were given to the lucky ones of the night.

Conclusion

The LSD council accomplished a lot this year. The hosting of the 6th Across-the-Strait Geomatics Conference in 2010 goes to Macao thus the Division should be prepared to host this event in the not too distant future. It would be a good chance for land surveyors to organize yet another great geomatics conference.

There was not much progress in the recognition of our Technical Associate membership by the government this year. As we have a chance to regularly meet government officials, it will not be too remote before our Technical Associate qualification could be recognized by the government as a qualification for employment of land surveying technicians.

There is also not much progress on the mutual recognition with the Registered Surveyors of the Mainland and there is still a long way before the issue comes to fruition. The CEPA committee would continue to solicit chances of establishing a link with the Mainland to work out how we can go about the issue.

Divisional Council & Young Surveyors Group Reports

Planning & Development Division

Edwin TSANG
Chairman

Year 2009 is an extraordinary year in that it is the 25th Anniversary of the Institute and the 60th Anniversary of the Nation.

Although Planning & Development Division was included in the 1984 Constitution, the Division Council has only been recently formed, working from Provisional Council in 2003 to establishing a formal Divisional Council in 2006. 2009 is the end of the second two-year term.

1. Membership

The Division began with a small membership of seven in 2003, and it has extended to 53 as at November 2009 including one student: —

As at 31 Dec 2008		As at 30 Nov 2009	
Fellow	: 11	Fellow	: 17
Member	: 26	Member	: 31
Probationer	: 2	Probationer	: 4
Student	: 1	Student	: 1
Total	: 40	Total	: 53

The Fellows admitted during the year 2009 included Wu Moon Hoi Marco, Chung Hung Kwan Barnabas, Lam Chun Daniel, Lau Chi Keung, Wong Chik Wing, Victor Chan and Members included Chan Jing Yun Stephen, Mok York Yee, Lam Mei Po Mabel, Chau King Man, Li Chi Man.

2. Education

APC Examination

The number of Probationers seeking APC Exams increased from two in 2008 to four members in 2009.

Extension Programme

During the Mainland Committee visit to

universities to China in 2008, it was proposed to the mainland universities to organize an extension of Planning & Development programme in China, However, experience shows that the proposal is pre-mature due to current university staff set-up in mainland Universities.

3. CPD Events :-

Four Professional Continuing Development events were organized in 2009, including :-

3.1 Professional

- 1) "Planning Law and Practice in Hong Kong" by Ms Fiona Lung, Senior Town Planner of Planning Department on 3 June 2009,
- 2) "An introduction to Real Estate Project Development Procedures in Mainland China" by Dr Tony Leung on 3 September 2009,
- 3) "The Concept of Planning and Development Control in Hong Kong" by Mr P. Y. Tarn, President of the HKIP on 22 September 2009,
- 4) "Linear City Developing Commercial & Residential Property" on Railway Land by Daniel Lam on 25 November 2009.

3.2 Health Management in the Workplace :-

- 1) A Health Talk on "How to prevent and control Diabetes & Metabolism" by Dr Frederick Chan on 24 July 2009 and
- 2) A Health Talk on "How to prevent and control Heart Diseases" by Dr So Yui Chi on 20 October 2009.

3.3 6th Cross Strait /4 Land Conference 兩岸四地學術研討會

At the 5 Cross Strait /4 Land Academic Conference held in Kunming in July 2009, it

was decided that the 6th Cross Strait /4 Land Academic Conference will be hosted by Hong Kong Institute of Surveyors. The theme has yet to be decided. It was proposed that the 4 Land (China, Taiwan, Hong Kong & Macau) will each prepare information on Land & Planning Management as background material for the papers to be presented at the Conference next year.

3.4 Professional Site Visits

A professional visit to Lands and Planning Department of both Zhuhai Province and Macau Special Administration Region was arranged on 6 November 2009. About 35 participants took part in the event. The delegates found the talks given by the government authorities informative and interesting.

4. Annual Conference on Surveyor in Urban Regeneration

The Chairman was a member of the Organizing Committee of the Conference and our Hon Secretary James Kenneth Pong was one of the moderators of the Conference.

5. Annual Dinner

The Division held its first Fellowship Dinner in conjunction with General Practice Division on 21 January 2009. The Institute celebrated its 25th Anniversary on 17 November 2009 at Grand Hyatt Hotel. The Division reserved a table with four honored guests.

6. Accounts

As at October 2009, the Division has a reserve of HK\$47, 000.00. This fund has been accumulated through the organization of CPD Events.

7. University Visits

7.1 The Hong Kong Polytechnic University

Two visits to the Hong Kong Polytechnic University led by the Chairman of Board of Education, K.C. Tang was conducted in 25 September and 14 October 2009. The first visit was on the new "334 university course set up" with the Department of Building & Real Estate and the second visit was with the Faculty of Construction and Land Use. A dialogue with the professors and lecturers was proved useful. However there has been a misunderstanding that the programme has not yet been accredited by the Planning & Development Division. Nevertheless, a formal

request for accreditation was submitted by the University to the Board of Education. But the course still needs to be strengthened in Planning & Development contents. It is hoped that more students will elect to choose Planning & Development stream as their major programme.

7.2 The City University of Hong Kong

A BOE visit to the Division of Building Science & Technology was conducted on 16 October 2009. The course has not yet reached accreditation level by Planning & Development Division.

7.3 The Hong Kong University

A BOE visit to the Department of Real Estate & Construction was conducted on 24 November 2009. The visit revealed that co-ordination between the HKIS and the University needed to be strengthened in particular on mentorship and practical training of students. It is note that the MSc programme on Real Estate and Finance would be of interest to Planning & Development Division.

8. Disciplinary hearing

Our Hon Secretary James Kenneth Pong has represented PDD to sit in two panels of Investigation Committee. PDD has also furnished its views on the interpretation of some provisions of the HKIS Rules of Conduct.

9. Comments on Government Public Engagement Exercises

The Division has taken an active part in contributing Division's view on government Public Engagement Exercises, for examples :-

9.1 Urban Regeneration Proposals

9.2 *Air Quality Objectives* - initial PDD's paper has been drafted by our Hon Secretary James Kenneth Pong and it would be incorporated into the final HKIS Review Report,

9.3 *Building Design to foster a Quality and Sustainable Building Environment* - our Hon Secretary James Kenneth Pong has furnished a ppt presentation as the background for the review. Vincent Ho of the BSD will finalize the report.

9.4 Public Forum on Central Kowloon Route, etc

9.5 *Closed Border Area Proposals, etc.*

10. **Promotion Pamphlet**

The first draft is almost completed and will need to be vetted in the next Divisional Council.

11. **Way forward**

The Division has been growing in the number of membership. It is anticipated that next Council will be devoting more efforts in the coming year in :-

11.1 *membership development,*

11.2 *more liaison with the Universities on mentorship and practical training to students,*

11.3 *holding more CPD Events,*

11.4 *taking more active part in contributing Division's view on government proposal.*

Divisional Council & Young Surveyors Group Reports

Property & Facility Management Division

Kenneth CHAN
Chairman

PLAN 2009 = 3R + 2P + 1C

Six major activities/ events have been planned for this New Year. In 2009, we shall see the completion and promulgation of two research reports in the benchmarking of management and maintenance fees in residential and office buildings respectively. The third of such research will be in the benchmarking of management and maintenance fees in shopping malls. The HKIS Guide on Good Property Management is being finalised for publication in first quarter of 2009. Furthermore, the write-up for the Green Management Practice Handbook is half completed under the leadership of Charles HUNG. If everything goes smoothly, we shall be publishing the Handbook in the third quarter of 2009. Finally, more relevant CPD events and an annual conference will be organised under the leadership of our CPD convenor Daniel Hui.

We have not finished all the planned tasks but I am proud to announce that we have done tremendous progress in getting the public knowing about the dynamic and professional division. The publication of the corporate brochure of the Division had assisted greatly in the promotion of the Division. Here is an account of the activities and achievement of the Division in 2009.

Visit by the Guangdong Property Management Association (廣東省物業管理行業協會) - 23 April 2009

The Guangdong Property Management Association (廣東省物業管理行業協會) visited the HKIS on 23 April 2009. The team of more than 20 delegates was led by its President Xu Jian Hua (許建華會長), Vice President Luo Xiao Gan (羅小鋼副會長) and President of Guangzhou Property Management Association, Mr. Li Zhuo Zhang. President Xu is also the Vice President

of the China Property Management Association (中國物業管理協會副會長). They were received by our Vice Chairman Gary Yeung, Honorary Secretary Dick Kwok, Council Members Dr K.W. Lam and K.S. Wong. In the close-to-two-hour discussion, members shared experience and professional examination arrangement in property and facility management areas from Hong Kong and China perspectives. Vice President Luo raised interest of the HKIS Rules of Conduct and requested a copy for their future reference.

Publication of The HKIS Guide to Good Property Management Practices

The long-awaited and first divisional publication on property management practices has just been produced. The HKIS Guide to Good Property Management Practices is the first of its kind in Hong Kong. It is expected to set a professional standard in practices in property management. Each member of the division will be provided with a copy free of charge and any additional copy will be charged at HK\$100.00 for members and HK\$200.00 for non-members. I hope this will be a good reference guide to members in undertaking their daily property management activities and duties. I must also use this opportunity to express my appreciation to the working group chaired by Daniel WL Hui in finalising the guide. The group included Gary Yeung, Alan S Wong, Eddie CM Hui, Kenny Chan, Daniel Kwok, Oliver Chan and Daniel Tsoi.

Benchmarking of Management Fees for Residential Properties in Hong Kong

This is the resulting publication of the research commissioned by the PFM Division. Copy of the research report is available at the HKIS office. The

follow-on research is on office buildings in Hong Kong. We hope to have that completed by the end of the year.

Extraordinary General Meeting - 7 September 2009

An EGM of the PFM Division was called to consider the amendment of the provisions of the Divisional Regulations in respect of the composition of the Divisional Council and requirements for election to members of the Divisional Council. We have a quorum of over 12 members attending the EGM at 6.30pm. We have also received 38 proxies for the Chairperson, Vice Chairperson and Honorary Secretary. The proposed three amendments were passed unanimously. The new provisions are as follow:

"Clause 5.2(b)

*Vice-Chairperson or such other **number of Vice-Chairperson** as considered appropriate by the Divisional Council*

Clause 5.2.(e)

*At least five but not more than **fifteen** members from the following areas:*

- i) Academia (minimum 1 number);*
- ii) Facility Management (minimum 1 number);*
- iii) Property Management (minimum 1 number); and*
- iv) Government, Institution and Public Bodies (minimum 1 number).*

Clause 5.3

*Only Corporate Members of the Division shall be eligible to be Office Bearers or members [except for 5.2(g) and (h)] of the Council. The **Chairperson shall be Fellow** of the Division."*

I am greatly encouraged by the support of the Membership. I would also like to take this opportunity to appeal to members to come follow to join the Council and contribute directly to the development of the Division. The Division needs your support.

The HKIS Guide to Good Property Management Practices and Research Paper

These two publications have been sent to local related institutions, government and public bodies and we are receiving good comments. It has been a great encouragement to our effort and I would like once again to thank those members of the Division who had made these possible. There were also enquires about whether there is a Chinese version of the Guide.

World Workplace 2009, Orlando, Florida - 7- 9 October 2009

Gary Yeung, Dick Kwok and I were in Orlando during 6 to 10 October 2009 attending the World Workplace 2009 organised by the International Facility Management Association. This time I attended the conference and expo as a Full Guest and I had the opportunity of participation in facility visit and the keynote speech.

This year's keynote opening address was delivered by Mr Andrew S. Winston, co-author of the book entitled "Green to Gold - How smart companies use environmental strategy to innovate, create value, and build competitive advantage". He has done extensive research into the green operation of many major US corporations. Many of them had carbon emission reduction targets ahead of the US government's lead. The facility management professionals were heeded to act responsibly as the existing building stocks in the US accounted for 40% of the total fuel consumed, consumed 70% of total electricity generated and 40% of the carbon dioxide emission.

A copy of the book is now kept in the HKIS library for members' reading

The City University Information Day - 17 October 2009

I attended a special briefing session for S7 students at the City University organised by the Department of Building and Construction and talked about property and facility management surveyors. The event was attended by some 70 students.

Conference on Property and Facility Management - 31 August 2009

The joint conference with the RICS on "Property and Facility Management: A Greater China Perspective" was successfully held on 31 August 2009 with an attendance of about 200 persons.

Reciprocal Visit to the Guangdong Property Management Industry Institute (廣東省物業管理行業協會)

Several things were achieved during this visit. We signed the "Memorandum on the Cooperation and Exchange Programme" between the GPMII and HKIS, agreement on the provision of training course for the HKIS members for the Certified Property Manager examination which would likely be conducted next year, visited four developments

respectively managed by international firms and local management companies. During various discussions with the President, Mr Xu Jian Hua (許建華會長), it was proposed that closer and deeper collaboration between the two organisations be forged in forming a forum for property management firms in Guangdong and Hong Kong SAR and the provision of the HKIS Property and Facility Management experts to the Guangdong Institute to participate in their annual evaluation of performance of property management companies. It was expected that such collaboration would lead to eventual reciprocal recognition of property management professionals between Hong Kong and the Mainland. It was also agreed that the HKIS Property Management Awards be extended to cover buildings and developments in the Guangdong province. There are a lot of tasks for the incoming Council to follow up.

Finally

I wish every success in the further endeavour of the Division under the leadership of your new Chairperson, Gary Yeung and collaborative effort of the Councilors.

Divisional Council & Young Surveyors Group Reports

Quantity Surveying Division

Daniel HO
Chairman

In the past 12 months, the quantity surveying division council was working hard to accomplish the tasks planned at the beginning of the year. We strived to enhance both local and international networks. We actively involved in local affairs. We explored various means of enhancing communication with members and implemented a new structured professional training course for graduates.

To give you a picture of our efforts, I briefly outline below the details of the tasks and events undertaken this year for your information.

Mainland affairs

Shenzhen - Hong Kong Forum : Strengthening and More Co-operation in Construction Sector

The HKIS was invited to attend a discussion forum organized by Shenzhen Construction Bureau at Kowloon Shangri-La Hotel, Hong Kong, on 23 December 2008. The main objective of the Forum was to explore a closer co-operation between Hong Kong and Shenzhen in the construction sector. The three QSD representatives attending the meeting were Thomas Ho, K C Tang and Anthony Lau.

The representatives discussed the idea of a pilot scheme, which would allow the QS firms in Hong Kong to set up companies and cost management business in Shenzhen without going through the normal professional company registration process and having locally registered qualified persons. The Shenzhen representatives expressed that they would like to share the experience of tendering management in Hong Kong and to co-operate with the counterparts in Hong Kong in this area. They also discussed the possibility of forming joint ventures between Hong Kong companies and

Mainland companies in providing services in project management and construction works.

Visit by CECA

The China Engineering Cost Association (CECA) together with 20 delegates from various provinces of the Mainland visited the QSD on 8 January 2009.

They had a meeting with eight QSD representatives, viz. the Chairman of the Mainland sub-committee and the immediate past Chairman, Stephen Lai, Vice Chairman, Antony Man and Honorary Secretary, Thomas Ho, Vice chairman of the Board of Education of the HKIS, K C Tang, Past QSD Chairman, Sam Cheng, Alan Cheung, Y M Lee and K C Chang. They were briefed by Antony Man, K.C. Tang and Sam Cheng on the organization and the membership structure of the HKIS including the administration system of the membership and the related experience. They were also advised of the services provided by the local QS firms and their development.

In exchange, the delegates briefed the updated development of the CECA in various provinces of Mainland. During the lunch, the delegates further shared their views on the discussed topics with the QSD representatives including Past President of the HKIS, T.T. Cheung, and me.

Delegates to Beijing and Tianjin in June

Our President, Francis Leung, and I led a team of 14 delegates of the Quantity Surveying Division to pay a visit to Beijing and Tianjin from 21 June to 24 June 2009. The visit was organized by the Chairman, Stephen Lai, and the Vice-Chairman, Antony Man, of the Mainland Sub-committee, TT Cheung and CY Wong.

Beijing Forum

On 21 June, the President together with us met 13 members in Beijing Forum at the restaurant (崇文門便宜坊烤鴨店) next to our hotel. They were mainly general practice surveyors and quantity surveyors. Some of them have in fact mitigated to the Mainland with their families. In that evening, the members shared their life and experience in Beijing and other provinces. They strongly felt that the Mainland would be the future of the surveyors in Hong Kong. They suggested that the institute should set up an office in the Mainland in order to build a better linkage with the Mainland and the members staying there. The suggestion was then submitted by me to the General Council for consideration immediately after returning from the Mainland.

Signing of the Supplemental Agreement

In the early morning of the next day, we arrived at a convention centre and were welcomed by the President, Madam Zhang, and the Secretary-General, Madam Ma, of the CECA. Before the signing ceremony, the Deputy Director General of the Standard and Norm Department, Madam Xu, Madam Zhang and our President gave their speeches. The supplemental agreement for extending the validity of the existing reciprocity agreement between the CECA and the HKIS was then signed by the presidents of both institutes with the presence of 11 delegates from the CECA and 12 delegates from the HKIS.

Visit to Tianjin and Other Related Government Offices

On 23 June, we arrived in Tianjin just in about 30 minutes on a high speed train. After welcomed by Yu Ye Wei, President of Tianjin Cost Engineering Association (TCEA), and other TCEA representatives, we attended a half-day seminar organized by the TCEA in the Tianjin Polytechnic University.

Our members, Lo See Wing and Daniel Leung, delivered the following topics in the seminar:

1. The application of bills of quantities by the quantity surveyors; and
2. Tender assessment and analysis - Hong Kong practice.

In the afternoon, we visited the Tianjin Planning Exhibition Hall and were briefed in details about the future development of Tianjin including an eco-town through a number of models.

Visit to HKMAO and HKSARO

Before our departure to Hong Kong on 24 June, we visited the Hong Kong and Macao Affairs Office of the State Council (HKMAO) and the Office of the Government of the HKSAR (HKSARO) in Beijing. We were welcomed by Zian Lijun, Director-General of the Department of Exchange & Cooperation in the HKMAO, and Sidney Chan, Deputy Director in the HKSARO. Our discussions included the reciprocity arrangement with CECA and the issues encountered by members in setting up companies in Mainland. Both Lijun and Chan gave us constructive suggestions in tackling the issues.

Second Round of Training and Examination for Registration of Cost Engineers

It was discussed and agreed with the CECA in June 2009 that the process of the training and examination for the reciprocity qualification should be streamlined. The proposed streamlined process and implementation programme are being considered seriously by both CECA and HKIS.

The President, Francis Leung, and I had a meeting with the CECA on 16 November 2009. We discussed on the detailed arrangements on the second reciprocity assessment and the registration of the remaining qualified HKIS members as cost engineers in Mainland. Hopefully, the training and examination will be held by the second quarter 2010.

Registration of Cost Engineers in the Mainland

In October, the China Engineering Cost Association (中國建設工程造價管理協會) (CECA) approved another seven members to register as cost engineers in Mainland. We now have 72 members registered as cost engineers. The third lot of registration is now underway and likely to happen in the first quarter of next year.

Visit by Shanghai Construction Consultants Association (SCCA)

A seven-member delegation of the Shanghai Construction Consultants Association (SCCA) led by the President, Yan Hong Hua, visited the HKIS on 16 November 2009. They had a meeting with seven QSD representatives, viz. the Chairman of the Mainland Sub-committee and Immediate Past Chairman, Stephen Lai, Vice Chairman, Antony Man, Hon Secretary, Thomas Ho, Past QSD Chairman Sam Cheng,

and three Council Members viz. Keith Yim, Anthony Lau and Peter Ng.

They were briefed by Stephen Lai and Antony Man on the progress of the reciprocity agreement between the HKIS and CECA, and the registration of the HKIS members as cost engineers in China. In return, SCCA showed their interest to explore the possibility of having co-operation between the HKIS and the SCCA in the area of project management.

Further, they invited the HKIS to arrange a joint seminar in Shanghai early next year and close to the date of the World Expo. The content of the seminar would be related to cost engineering. The division will consider the invitation.

Seminar in Tianjin

On 16 November, our President, Francis Leung, and I were invited by Professor Yin Yi Lin [尹貽林教授 - 天津理工大學管理學院院長] of the Management School of the Tianjin University of Technology (TUT) to attend a technical seminar with the students of TUT.

The seminar was attended by lecturers and about 200 students. Most of the students were studying their bachelor degrees in cost engineering or construction management. The rest included master degree students and doctoral degree students specializing in related fields.

The topics of our speeches were:

- "Tendering and Contract Management in Hong Kong Special Administrative Region" (「招投標及合約管理 - 香港特別行政區經驗」) by Francis Leung
- "An Overview of Cost Estimating in Development Projects" (「物業發展的工程成本估算實務探索」) by Daniel Ho

The enthusiasm of the students in raising questions and in exploring their knowledge on the topics was very impressive.

International affairs

PAQS and ICEC

13th PAQS Annual Congress and ICEC Region 4 conference

The 13th Board meeting and Congress of the Pacific Association of Quantity Surveyors (PAQS) were

held on 15 to 19 August 2009 in Kuala Lumpur, Malaysia, the International Garden City of Lights. In addition, the annual meeting of the Region 4 of the International Cost Engineering Council (ICEC) was held at the same occasion.

Our President, Francis Leung, and I led a team of 11 delegates to join the events as the representatives of the HKIS being a member of both international organizations.

Our members have deep involvement in the two international organizations. T T Cheung, our ex-President, is the Technical Director of the ICEC and the Chairman of the Sustainability Committee of the PAQS. Dr Paul Ho, the ex-Chairman of the QSD, is the Chairman of the Research Committee of the PAQS. Professor Anita Liu and Dr Ellen Lau are the Honorary Secretary of the Education Committee and the Research Committee of the PAQS respectively. That is, they involve in all three committees of the PAQS. Their contributions are well appreciated by the members of the two international organizations.

Papers presented by the speakers from Hong Kong in the Congress included:

- Managing Building Services Costs and Sustainable Environment by Kenny Chan
- A Learn Approach to Sustainable Construction - Dr Richard Fellows & Prof Anita Liu
- A Comparison of Value Management Training and Certification Systems: An Empirical Study Across Different Countries - Dr Mei Yung Leung
- Revamping Outsourcing Maintenance Strategies and Practices - Kenny Chan
- An Introduction to the Construction Workers Registration System in Hong Kong - TT Cheung
- Cycle Cost Analysis for Sustainable Design - Dr Ellen Lau & Ms Vicky Lew

The congress was closed by a simple but serious ceremony. Two important documents were signed at the same occasion. Eight member organizations including the HKIS signed an accreditation agreement to subscribe the PAQS accreditation scheme. The six participating associations signed a KL Pact to agree in principle to further develop and foster a global community of leaders in the quantity surveying profession.

2014 PAQS Congress

The HKIS submitted a bid for the hosting of the 18th Congress in year 2014 in Hong Kong. After deliberation, the Board approved that the 18th

Congress would be held in Hong Kong. A working group will be set up shortly for arranging this important event.

PAQS Award

The PAQS organized an essay competition early this year, PAQS-Iwata Foundation Essay Competition 2009. The competition was for young quantity surveyors from the members countries of the PAQS. The topic of the essay was "the impact of the current financial crisis on the globalization of the construction industry cost management profession".

Our QSD Council Co-opt Member, Tzena Wong, was awarded a highly commended certificate for being the first runner up in the essay competition.

Visit by President of PAQS

The President of the Pacific Association of Quantity Surveyors (PAQS), Mr Trevor Main, visited one of its member countries, China, by the end of June 2009. On his return trip to Australia, he also paid a visit to its other members, viz. HKIS and the representatives of Australian Institute of Quantity Surveyors (AIQS) in Hong Kong on 6 July 2009.

In the evening, both institutes held a welcoming function together for Mr Main. We started with a simple but warm reception. There were about 30 attendees including the President of the HKIS, Office Bearers of the HKIS, representatives of various divisions and AIQS.

In return, Mr Main gave a talk titled "Impact of the Global Financial Crisis on the QS Profession in the Region" in a CPD event.

Visit by President of PAQS and Vice President of SISV

The new President of the Pacific Association of Quantity Surveyors (PAQS), Mr Teoh Woon Sin, together with the Vice President of the Singapore Institute of Surveyors & Valuers (SISV), Mr Khoo Sze Boon, paid a visit to our institute on 22 October 2009.

We held a welcoming function for Mr Teoh and Mr Khoo. We started with a simple but warm reception. There were about 30 attendees including the Senior Vice President of the HKIS, Office bearers of the HKIS and representatives of QSD. In return, Mr Teoh and Mr Khoo delivered a CPD talk on two topics, viz. "Sustainable Construction - The Singapore Perspective" and "Green Costing - the Impact on

Quantity Surveyors".

The recent policy address of the Chief Executive included environmental industries as one of the six core industries. Provision of green initiatives in buildings would be definitely the trend in future. Both Mr Teoh and Mr Khoo gave us some valuable tips on how we should prepare for the trend.

Visit to the Institution of Surveyors Malaysia (ISM)

Prior to returning from the 13th PAQS congress, we took the opportunity to pay an official visit to the office of ISM. We were welcomed by the President of the ISM, Prof Sr Wan Maimum Wan Abdullah, their past presidents and other office bearers.

We were briefed about the structure of the ISM and were also advised that the ISM had regular meetings with other professional institutions such as the architects, the planners and the engineers. They would formulate their professional views together on various issues relating to the construction industry and would advise the government accordingly. In addition, the ISM had various awards to appreciate the efforts contributed by its members to the institute. They further shared their experience in running the institute during the lunch.

Visits by the Chartered Institution of Civil Engineering Surveyors (ICES)

On 8 April 2009, the President, Mr Steve Jackson, of the ICES together with their regional representatives viz. Mr Andrew Keung (Immediate Past Regional Chairman, 2007-09), Mr Eric Poon (Regional Chairman), Mr Michael Wong (GE Moderator) and Mr Alan Cheung (CM Moderator) paid a courtesy visit to the office of the HKIS on 8 April 2009. Our Vice President, Wong Bay, together with the representatives of the QSD, viz. Thomas Ho (Honorary Secretary of QSD), Sam Cheng (Past Chairman of QSD), Franki Yeung and I had a meeting with them to discuss the progress of the mutual recognition exercise.

The representatives of both institutes were satisfied with the progress and would continue to explore the possible mutual recognition arrangement. We had also concurred that we could organize the continuing professional development activities together for the members of both institutes in future.

On 27 October 2009, the representatives of the Chartered Institution of Civil Engineering Surveyors (CICES) paid their second visit this year to the

HKIS. The team was led by the Chief Examiner for Commercial Management of the CICES, Mr Ian Cowling, together with other four representatives viz. Mr Andrew Keung, Mr Alan Cheung, Mr Honby Chan and Ms Miranda Lui.

The team was welcomed by the QSD office bearers, viz. Vice Chairman, Antony Man, Honorary Secretary, Thomas Ho, Honorary Treasurer, Ricky Chan, and me. We had short discussions on the arrangements adopted by both organizations for assessment of the professional competence of new members, and also exchanged views on the CPDs offered to members. The discussions continued during the delicious lunch hosted by the CICES. It was agreed that there would be ample opportunities for arranging continuous professional development events to the members of both organizations in future.

The CICES held an Institution Charter Launch at the Foreign Correspondents' Club in the evening of 27 October. We were invited to attend and witness the ceremony.

The reciprocity agreement between the commercial management stream of the CICES and the QSD of the HKIS was endorsed by the General Council in the last council meeting in November. A signing ceremony of the reciprocity agreement will be arranged accordingly.

Admission of new members

Assessment of professional competence

Early this year, 71 candidates passed the assessment of professional competence (APC) and became new members of the quantity surveying division.

In September 2009, there were 305 candidates attempting the final assessment of the APC as compared with 295 candidates last year. The answers were being assessed by 338 assessors. The assessors were briefed on the assessment criteria during an assessors' briefing held at the Happy Valley Stand, Happy Valley Racecourse on 8 October 2009. The results of the APC will likely be available in January 2010.

ATC (QS Division) Final Assessment - May 2009

The ATC(QSD) Final Assessment 2009 was held in May this year. The ATC Final Assessment contained two parts, viz. written assessment and interview. The

written assessment was held on Friday, 15 May 2009, and the interview was conducted in June 2009. There was only one candidate. He was successful in the assessment and became the technical member of our division.

Linkage with members

Newly Qualified QS Welcoming Party

To welcome the 71 new qualified members and to acquaint them with the organization of the HKIS particularly the QSD council, they were invited to join a New QS Members Welcoming Party on 27 March 2009 at the Backstage Live Restaurant in Central. We also invited the representatives from the General Council and the Young Surveyors Group.

This was a precious opportunity for us to know the new members as well as introducing the structure of the QSD including various sub-committees in this casual and jovial event. This also provided a great opportunity for the new members to mingle with the senior members.

QSD Annual Dinner

The QSD Annual Dinner 2009 was held on 5 June at Voting Member Box, Happy Valley Racecourse. We have the honour of the company of our honourable guests, the President of the Institute, Office Bearers of the General Council, past HKIS Presidents and past QSD Chairmen. The honourable guests of this year's event came from various government departments, universities and the Liaison Office of the Central People's Government in the HKSAR. The dinner was a big success with a full house of 13 tables.

We took the opportunity to present the 2008 APC Best Performance Award to our new member, Leung Chui Chi. The award was to acknowledge his outstanding performance in the Assessment of Professional Competence Test in year 2008. In return, he shared his golden rule of success - "never giving up".

The evening was very enjoyable. The participants actively and deeply involved in the games. The members showed their talents as singing stars in the Karaoke. The lucky draws brought good luck gifts to the participants. Such friendly atmosphere and the delicious food made the dinner a memorable event.

Messages to members

Two-way communication with members is vital to the

success of the council. We had therefore explored the possible better means for exchange of information and ideas with members. Establishing a discussion forum on the HKIS web site was a possibility. For sake of privacy and avoidance of vandalism, the forum should only be accessed by the members of the QSD. Unfortunately, the existing set up of the HKIS web could not provide such a security. This idea was therefore reluctantly put aside until the HKIS web could be enhanced.

We then took an alternative way. We posted the notice of the monthly meetings of the division on the HKIS QSD web and invited the members to join the meetings. Further, I tried to cover the key events under the Chairman's message in the HKIS monthly news and invited the members to join the events or to express their views.

Publication

Standard Form of Contract for Decoration, Repair and Maintenance Works (2008, 1st Ed) 裝飾、維修及保養工程標準合約 (2008年第一版)

A standard form of contract titled "Standard Form of Contract for Decoration, Repair and Maintenance Works" was formally launched on 7 May 2009. This form of contract is applicable to minor repair and maintenance works with contract price up to \$400,000. It stipulates balanced rights and liabilities between property owners and contractors. A property owner can now use this standard form to formulate the contract with his contractor for carrying out minor repair and maintenance works for his property rather than relying on the quotation submitted by his contractor. This can avoid the situation where the quotation contains terms that are unclear in liabilities or unbalanced in risk sharing. The new form of contract should be able to minimize unnecessary arguments or disputes between both parties.

This new form of contract was attributable to the co-effort of the Building Surveying Division (BSD) and the Quantity Surveying Division. It was drafted by our ex-Chairman, Dr Paul Ho in conjunction with council members from the BSD and the QSD, and vetted by lawyers well experienced in construction laws. The contract contains provisions to cope with the special features of repair and maintenance works pursuant to the professional advice of the members of the BSD.

Standard form of contract for large scale of repair and maintenance works

To cater for large scale of repair and maintenance works, another standard form of contract for repair and maintenance contracts is in the pipeline. It has been reviewed by a lawyer and the taskforce is now considering the comments for its finalization. Hopefully, this can be launched within the first quarter of next year.

Practice notes

The council agreed that a set of practice notes on the quantity surveying services should be published for the reference of the members and other stakeholders. A taskforce led by Raymond Kam has set down a number of topics. The first topic being drafted by the taskforce is on cost planning. I hope it will be available for publication shortly.

Review of the Standard Form of Building Contracts 2005 edition (SFBC)

The SFBC was launched in April 2005. It has been used by the building industry for over four years. It is the appropriate time to review this SFBC by incorporating the suggestions and comments received from the stakeholders. A taskforce set up by the Contract Subcommittee started the review since September this year. Hopefully, the SFBC can be updated within the first quarter of next year.

Promotion of Quantity Surveying Profession

Talks in JUPAS Information Days

The quantity surveying profession can only sustain with continuous influx of new young bloods. Promotion of quantity surveying to the school leavers is one of the key promotion activities each year.

The JUPAS information days give us golden opportunities for our promotion. The school leavers will have the chance to know about quantity surveying before they make up their mind to apply for their favourite courses in the universities.

This year, I had the opportunity to give a brief introduction of quantity surveying to the school leavers during the JUPAS information days held at the City University and the University of Hong Kong on 17 October and 24 October respectively. There were about 400 audience in total. They were briefed about quantity surveying services, job opportunities and qualifying process. Their response showed their preliminary interest in the profession.

Video for QS Profession

The sub-committee led by Yam Kwan Sum supervised the video production since May 2008. The first version of the video was viewed by the members joining the APC briefing held on 8 October 2009. The members gave some constructive comments on the video. Those comments are being considered for incorporation into the video. It is planned to have the video available in the first quarter of year 2010.

Involvement in local affairs

Representatives in government and non-government bodies

Our members were willing to devote their precious time and to get involved in local affairs by using their professional knowledge and experience. In the past year, we nominated a number of representatives joining the committees and taskforces in the government and non-government bodies, which included:

- Construction Industry Council (CIC)
- CIC - Task Force on Contract Price Fluctuation System for Private Sector Construction Contracts
- CIC - Committee on Procurement - Task Force on Selection of Consultants and Contractors
- Land Survey Ordinance (Cap 473) Disciplinary Board Panel
- CITB
- Property and Project Development Committee of Po Leung Kuk
- Appeal Tribunal Panel (Section 45, Buildings Ordinance, Cap 123)

List of papers and letters commented or responded by QSD

The Council Members also drafted or commented on the papers and letters to the government, which included:

- Security of Payment Guidelines for Dispute Resolution Version 1 May 2009
- Guidelines on Measures for protection of Workers' Wages Version 1 July 2009
- Hong Kong Mediation Code - Consultation on Proposed Framework
- Consultation on Draft Code of Conduct for Personnel in the Construction Industry
- ASD - Confirmation & Promotion of Contractors for the Specialist List :Landscaping Category

- Concern on Lack of Surveying-relating Services in Government Infrastructure Projects
- Follow up letter on Concern on Lack of Surveying-relating Services in Government Infrastructure Projects
- Follow up Letter on ASD - Confirmation & Promotion of Contractors for the Specialist List : Landscaping Category
- Submission by the HKIS on the Arbitration Bill to Bills Committee of the Legislative Council for meeting on 5 October 2009
- Wish List to Chief Executive for Formulation of Policy Address

NEC contracts

There are some proposals to the Construction Industry Council and the government to adopt the NEC contracts rather than the existing standard form of contracts in Hong Kong. These standard forms have been endorsed by the UK Office of Government Commerce and recently by the London Olympic Delivery Authority.

Our division considered that the members of the HKIS and other stakeholders such as members of the HKIA and the HKIE should know the pros and cons of the NEC contracts before their adoption. We therefore took the initiative to arrange seminars on the subject. Our ex-chairman, Gilbert Kwok, kindly took the lead to arrange the seminars and to deliver the talks as well.

Training

Continuous professional development events (CPD)

The CPD sub-committee led by Sunny Chan arranged 22 CPDs for over 2,600 participants. The topics covered a wide range of issues such as contractual matters, economic matters and environmental provisions for buildings. You may refer to Annex A for a brief summary of the CPDs.

Structured learning training course for PQSL

Prior to sitting for the final assessment of the APC, the candidates have to attend 96 hours of Professional Qualification Structural Learning (PQSL). The candidates may fulfil the requirement by either attending CPDs or training courses and by self-learning.

The council, however, considered that it would be

better for the candidates if they could attend a training course to learn the basic skills of quantity surveying, such as estimating and contract management, in a structured manner. The taskforce led by Sunny Chan launched a pilot structured learning training course in November 2009. The course will provide up to 62 hours of PQSL for graduates.

E-training

Members are required to fulfil the CPD requirements by attending a minimum number of hours of CPD events each year. However, it may be difficult for those members working outside the Hong Kong SAR to attend CPDs. It may also be inconvenient for those members being busy at work to attend CPDs.

In view of this, the council explored the possibility of arranging e-learning by the division. This would allow the members to attend CPDs at their leisure time. Unfortunately, the preliminary finding was that e-learning for the QSD alone would not be feasible in terms of cost and technical issues. Hence, e-learning

may have to be explored together with other divisions or by the General Council.

Conclusion

I am delightful that most of the tasks and events planned at the beginning of the year have been achieved. I would like to express my sincere thanks to the Council members, co-opt members, the Vice Chairman, the Honorary Secretary and the Honorary Treasurer for their efforts. Without their contributions, we would not be able to attain the achievements.

Further, I would like to thank you for your support. As you are well aware, we will not be able to meet our missions without your participation.

Lastly, it is my honour to be nominated again as the Chairman of the QSD in the coming year. I can assure you that I will continue to devote my time and effort to serve the Council in my next term. I am looking forward to receiving your continual support and participation in the coming QSD events.

Annex A

CPD events 08-09

Item	Speaker	Event Name	Brief Description	Co-organizer	Participant No.
1	Stephen Chung	China Real Estate Black Swan?	Impact of the global financial tsunami and the danger or opportunities of investment in the China real estate market.	nil	55

Divisional Council & Young Surveyors Group Reports

Young Surveyors Group

Joseph CHONG
Chairman

Where are we?

Division	BS	GP	LS	PD	PFM	QS	Total
20-40 (Qualified YSG Members)	357	619	58	10	242	855	2,141
Total HKIS Qualified Members	779	1,556	206	30	681	2,057	5,309
Percentage of Qualified YSG Members vs all Qualified Members	46%	40%	28%	33%	36%	42%	40%

Table 1 : Qualified YSG Members (upto the end of 2008)

Up to 2008, 2141 (40%) qualified members in the HKIS are YSG Members. If we add the above figure to 280 student members and 2,350 probationers, we can come up with a total of 4,771 YSG members in HKIS.

Qualified Members	2,141
Students	280
Probationers	2,350
Total YSG Members	4,771

Table 2 : Composition of YSG Members (up to the end of 2008)

YSG is obliged to take care of 4,771 members and we are representing the voice of 40% of professional members. At the YSG AGM held in December 2008, we set up five missions this year, namely sustainability, serving young members, demonstrate professionalism, going international and enhance local knowledge. With the hard work of our YSG team, we made remarkable achievements for these five missions during the past 12 months, and I am pleased to report some of them below.

Sustainability - To attract more young members to join YSG and the profession, and enable our sustainable growth

We recruited 12 new committee members to join the YSG committee this year. Half of them are renominated as committee members in the incoming YSG committee.

Throughout the year, YSG has promoted the surveying profession to high school, associate degree and surveying degree students in different occasions, so that more high caliber new blood will join the surveying profession.

Visit to Associate of Science in Surveying Students at the City University

The Division of Building Science and Technology of the City University of Hong Kong invited YSG to give a seminar to their Associate Degree students and introduce the surveying profession and the Institute to them. Eight members from the YSG Committee and K C Tang, Chairman of Board of Education, attended the seminar in the evening of 9 December 08.

Introduction of HKIS during oral exam training for Form 5 and Form 7 students

In December 2008, YSG sponsored the venue for an oral exam training for Form 5 and Form 7 students organised by the charity 'Air Monitor' for the third consecutive year. As a sponsor of the event, YSG had a chance to talk to about 150 students in the two seminar sessions. We showed the HKIS corporate video to them and briefed them about the six types of surveyors in the HKIS.

Joint Visit to HKU Surveying with Board of Education

On 1 April 2009, the YSG visited some surveying undergraduate students at the University of Hong Kong jointly with the Board of Education. We shared with the students about the surveying profession and career prospects.

Visit to Poly U BRESS

Representatives from the YSG committee and some young HKIS members visited the surveying degree and high diploma students from the Hong Kong Polytechnic University on 14 October, in a career event organized by the Building and Real Estate Students' Society. About 30 students attended our seminar and group sharing session afterwards.

Visit to LSGI by YSG Representatives

The YSG was invited by Land Surveying and Geoinformatics Students' Society of the PolyU for a Career Talk. Two YSG Past-Chairmen, Lesly Lam and Joseph Wong, and Kenny Chan, YSG Committee Member, attended the talk and gave a brief introduction of career prospects in land surveying profession and the HKIS APC to LSGI Students. Over 30 students attended the talk.

HKU Information Day

On 24 October 09, YSG was invited by the Department of Real Estate and Construction of the HKU and the Surveying Society to give an introduction of the HKIS to the high school students and their parents during the HKU Information Day for Undergraduate Admission 2009. During the event, I introduced the HKIS and different kinds of surveyors to them. Daniel Ho, Chairman of the Quantity Surveying Division was also invited to introduce the quantity surveying profession to the students. Many questions were received from the students regarding the passing rate of APC and the career prospect of being a surveyor.

Joint University Drink

A Joint University Drink Party was jointly organized by surveying students from the City U, the Poly U and the HKU on 6 Nov 2009 at Club No. 9, Central. This is an annual event sponsored by the YSG to facilitate surveying students from different universities to foster a closer relationship before they graduate.

Diploma Presentation

This year YSG was delegated by the Executive Committee to organize the HKIS Diploma Presentation with the support from the HKIS Admin Office. The Presentation was held on 22 May 2009 at the Ball Room at Eaton Hotel. Anthony Yu and Alison Lo of the YSG were the MCs of the event.

Other YSG Committee Representatives including me, Cyrus Siu, Joanna Kwok, Jasmine Kong, Joanmi Li, Jeffrey Wong, Kenny Chan, Linda Lui, Joseph Wong, Evangeline Chan, Tang Chi Wang also joined the event. We met 150 newly qualified members and shared with them our experience and opportunities in the YSG.

Training for Committee Members

The General Council has approved a funding to provide training for YSG Committee members this year and last year. Two training courses in Putonghua and presentation skills were organized in February, March and September this year and most of our Committee members joined these trainings.

Serving Young Members - To echo our Institute's plan, we will spend more resources to serve our young members at large, not only for a particular group of people.

This year we organized some new social events for members and established two new Sub-Committees including Career Support Sub-Committee and Lifestyle Sub-Committee. These events were free of charge or heavily subsidized to attract more young members' participation.

YSG Kitchen

The "YSG Valentine's Kitchen" was successfully held on 7 February 2009. 24 members attended the cookery class for making the Baileys Irish Cream Cheesecake and Liqueur Chocolate before the Valentine's Day for their loved ones.

Community Chest New Territories Walk - Tolo Harbour Cycle Track

Young surveyors, together with family members, friends, and pets, formed a team of 26 persons and completed the "New Territories Walk for Millions" hosted by the Community Chest on 15 February 2009. The HKIS team, led by the YSG, started from the Hong Kong Science and Technology Parks and enjoyed a

leisurely walk along the Tolo Harbour Cycle Track for 1.5 hours on the Sunday morning.

Career Talk - Success in Surveying Career in an Uncertain Market

Mr Chris Urban, the manager for property and construction of Michael Page International, a leading professional recruitment consultancy, provided our YSG members the insights into the current employment situation with the impact of global economic crisis on 25 February 2009.

30-min Team Relay in Hong Kong Open Indoor Rowing Charity Rowathon 09

For the third consecutive year, YSG participated in the 30-min Team Relay in Hong Kong Open Indoor Rowing Charity Rowathon 09 which was held at the Kowloon Park Sports Centre. Our team comprised our Committee members and students reps from the HKU surveying and the Poly U LSGI. 10 of us had to row three minutes each. We were ranked 16 out of 26 teams and we rowed 7,747 metres together! Through this meaningful event, YSG donated \$600 to the ORBIS for helping visually-impaired people.

香港青年專業人士國情培訓班課程

為增強香港年青測量師對國家政治、規劃、經濟、軍事及外交政策等各方面的瞭解及對珠三角地區經濟及其他發展的認識，本青年組以及中聯辦於09年五月廿三及廿四日在廣州中山大學舉辦香港青年專業人士國情培訓班課程。本會青年組有11位年青會員以及另外22位香港建築師學會、香港園景師學會、香港規劃師學會的青年會員一同參加了這個課程，課題包括：《中國基本政治制度、政府架構及其職能》、《當前國際形勢以及我國外交政策》以及《CEPA主要內容以及香港服務業與內地合作的前景》。本組特此鳴謝中聯辦協調部的贊助及安排，以及吳圓副處長的陪同及聯繫。

Joint Mingle Party with HKICPA and HKIE YMC

On 12 Jun 2009, YSG jointly organized a mingle party with the HKICPA and Young Members Committee of the Hong Kong Institute of Engineers (HKIE). It was held in a trendy club called Pi in Central with about 200 participants.

Coffee Tasting

Our young members joined a special gathering on 30 July 2009 at the Surveyors Learning Centre to listen to a barista who shared the secrets of coffee tasting and to taste the inviting aroma of real coffee. The speaker shared with us the origin of coffee, different types of coffee beans and how they taste, as well as different type of coffee machines.

Professional Image Course

A two hour course designed to train our young surveyors on table manner and professional image was held on 7 August 2009. Professor Desmond Chan, an expert in colour and image, was invited to share some tips on the essential elements in projecting a professional image including the use of colour, matching clothes with face shape and body shape, basic business and social etiquette, impression management and table manner. With many interactive exchanges between the participants and the speaker, the seminar was enjoyable and fruitful.

YSG Annual Dinner

YSG Annual Dinner was successfully held on 23 Oct 2009 at Taiji Restaurant. The theme of the night was Traditional Chinese, so most of us dressed differently in 道士袍、中山裝、宮女服、中國軍服、小鳳仙、旗袍 etc. Other than the Shanghaiese cuisine, we had a Chinese wine drinking game, National Day video Q&A game and a lucky draw with attractive prizes including netbook and IPOd. In the same occasion, Certificates of Appreciation were presented to YSG Committee members for their hard work during the last year. Our ExCom members, Leo Chan and Johnson Lee, Chairman of the HKIE's and the CIARB's young groups joined us as guests of the event.

Demonstrate Professionalism To participate in more professional events and voice our opinion.

Young Surveyors Award

Early this year we proposed to the General Council to organize an inaugural Young Surveyors Award in the HKIS to select some outstanding young surveyors who had made significant contribution to the Institute and the profession and present them an award to recognize their contribution, and the idea was supported. The YSG had set up a Sub-Committee to set up the assessment guidelines, invite judging panel and provide assistance in the assessment process, as well as arrange newspaper publication for announcement of the awardees. The awardees were interviewed in a local popular newspaper to promote our professionalism.

Going Green

This year we set up a Green Group in the YSG called the Green Compass which was led by our Vice-Chairman Arthur Cheung. We have organized some CPD events about hot green topics including LEED and HK BEAM.

Public Engagement Events

Also this year we participated in several public engagement events to give our opinion on a major infrastructure project - Kowloon Central Route. The two events focused on Yau Matei Urban Design and Yau Matei Police Station Conservation (10 Jan 2009) and the Kowloon Bay reprovisioning of facilities & enhancement (7 Feb 2009).

SOE HK Symposium 09

The YSG was one of the supporting organizations of The Society of Operations Engineers HK Region (SOE HK) Symposium 09 held on 20 June 2009. The morning session topics included building-integrated photovoltaic technologies, energy audit and recycling of demolition materials etc.

Going International - To participate in international surveying conferences and international young groups

FIG

Our committee members had a conference call meeting with Ms Kate Fairlie, a member of the International Federation of Surveyors (FIG) Young Surveyors working group. Kate told us that in Australia, the UK, Canada and the US, a downward trend in surveying candidates had been witnessed, with not enough graduates to fill available positions. She would like to understand the situation in Asia and we briefed her about the situation in Hong Kong. Also, she raised whether the YSG could become a regional coordinator in creating and coordinating a regional network of young surveyors in Asia. This issue is still going on and would be followed up in the next YSG committee.

PAQS

This year we intended to let more committee members to attend international conferences. Joanna Kwok, our Honorary Secretary (External), Alison Lo, our Committee Member and I joined the 13th PAQS Congress in Kuala Lumpur, Malaysia, from 15 to 18 August 2009. In the PAQS Board Meeting, it was approved that an inaugural committee of YQSG could be formed and some terms of reference drafted were also approved. It is my honour to be elected as the

Chairman of the Inaugural Committee by the young representatives from other countries.

YSG Study Tour

Since 2004, the YSG has organized study tours to Beijing, Shanghai, Taipei, Dalian and Chengdu. The objective of these tours is to provide opportunities for our young members to visit government departments, professional bodies and private firms outside Hong Kong and learn the best practice and knowledge of the surveying profession in other countries. This year our destination was Kuala Lumpur, Malaysia and our Sub-Committee Chairmen were Hazel Tee and Steve Yu. In our five-day study tour, we have visited the Institution of Surveyors, Malaysia (ISM), National Institute of Valuation (INSPEN), a land surveying and a quantity surveying firm, a shopping mall construction site, as well as some sightseeing spots. Our two Vice-Chairmen, Jeffrey Wong and Arthur Cheung, joined and led the delegation.

Enhance Local Knowledge -To equip ourselves well during the financial tsunami and look for more opportunities.

This year the YSG organized 41 CPD events (Appendix A) under the leadership of Tang Chi Wang, the CPD Convenor. We have made an income of

about HK\$300,000 to fund our expenditure of other activities. The CPDs covered a wide range of topics, including soft skills, technical visits, preparation course for APC etc. Some of the CPDs were jointly organized with other professional bodies, such as the Institute of Construction Managers, HK Institute of Value Management, HK Mediation Centre.

Conclusion

2009 was a successful year for the YSG. My thanks go to all Office Bearers, Council Members for their support throughout my term in office. I wish Jeffrey Wong, the incoming Chairman, every success for the new term and I would once again solicit your support to the YSG so that the YSG can contribute more to the Institute as well as serving all of you in return.

Appendix A

CPD Events 08-09

Event Name	Event Date
All about paint! Technical seminar from a paint manufacturer	15/1/09
One-day Seminar on Contract Management	31/1/09
Crisises are oppotunities in disguise for young surveyors	23/2 09
Success in Surveying Career in an Uncertain Market	25/2/09
Mediation Training Course (jointly organized with HKMC)	14/3/09 - 13/6/09
Value Management in Construction	31/3/09
A Review on Licensing Mechanism of Club in Hong Kong	17/4/09
Critical aspects in Project Planning	18/4/09
The Purposes and Practice of Construction Insurance	22/4/09
Introduction to LEED and its application in practice	13/5/09
專業會話普通話課程	23/5 - 20/6
Introduction to BEAM and its application in practice	9/6/09
Bond, Indemnity and Guarantee, and Warranty. Can you see the difference?	18/5/09
How Hong Kong can play key role in developing global valuation norms?	10/6/09
GPD APC Workshop 09 Part One	20/6/09
中華智慧與現代管理 - 《六慧管理》導論	23/6/09

Negotiation Skills in Mediation	26/6/09
QSD APC Revision Course 09	12/6/09, 17/6/09, 24/6/09, 8/7/09, 15/7/09, 22/7/09, 29/7/09, 1/8/09, 8/8/09, 15/8/09
Revision Course on Valuation I	4/7/09
Suspension, termination, and other downturn issues for the construction industry	14/7/09
How to build a cantilever roof structure projecting over the Island Eastern Corridor	4/8/09
Professional Image	7/8/09
21世紀中國建築業管理改革	11/8/09
APC (BS) Series - Condition survey and diagnosis of building defects	12/8/09
Basic E&M design considerations: What a building surveyor needs to know in handling A&A works	19/8/09
Review of Buildings Ordinance and Building Regulations	26/8/09
Review of FRC	2/9/09
Review of BFA	9/9/09
Review of MOE	17/9/09
How to develop you scheme for practical task?	23/9/09
Preparation of Tender/ Contract Documents and Tender Analysis Report	30/9/09
Techniques and Strategies for Written Assessment in APC (BS)	7/10/09
What can a quantity surveyor see in technical specification?	27/8/09
GPD APC Workshops 09 Part three	29/8/09
Site Visit to The One	29/8/09
APC Revision Course on Valuation II and Workshop on Rating	5/9/09
LSD APC Workshop 09	19/9/09
A Quantity Surveyor as a Project Manager - Experience Sharing on Managing Interior Fitting Out Projects	28/9/09
How to win Corporation & Influence People in Business	21/10/09
GPD APC Series - Seminar for Oral Interview	21/11/09
Factory Visit of Eastern Pretech (HK) Limited E_mix Seminar on Renovation System Solutions	28/11/09

TANG Ki Cheung
Chairman

Reporting to the General Council on all education matters, the Board of Education (BOE) is tasked to scrutinize, validate and keep under review academic qualifications for admission to the training grades of the Institute and to develop, implement and control the qualifying mechanism to corporate and technical membership of the Institute.

The BOE met six times during the year 2009 and the membership comprised:

Mr Tang Ki Cheung	Chairman
Dr Poon Wing Cheung Lawrence	Vice-Chairman and GPD Representative
Ms Wong Kam Wah	Honorary Secretary and BSD Representative
Ms Lo Mei Tak Rebecca	BSD Representative
Mr Chan Hon Kwong Louie	GPD Representative
Mr Tang Chiu Man Thomas	GPD Representative
Mr Chan Tak Hing	LSD Representative
Mr Mo Sun Yuen	LSD Representative
Mr Lam Ka Fai Francis	PDD Representative
Mr Chan Kwok Hung Kenny	PFMD Representative
Prof Hui Chi Man Eddie	PFMD Representative
Mr Kam Ka Fai Raymond	QSD Representative
Mr Yeung Kai Yu Franki	QSD Representative
Mr Chong Hok Ching Joseph	YSG Representative
Prof Chung Hung Kwan Barnabas	Co-opt member
Dr Ng Shiu Tong Thomas	Co-opt member
Mr Wong Kwok Leung	Co-opt member

Surveying Courses Accreditation

In 2007, the BOE established a Panel of Experts for China Programmes from which members will be selected to form working parties to undertake the identification, vetting, assessment and accreditation of courses awarded by mainland universities as suitable for admission of their award holders to HKIS various grades of membership, as and when instructed by the Board.

As at 31 December 2009, the Panel (including both ordinary and China experts) comprised the following members:

Building Surveying Division:

P CHAN Jor Kin, Kenneth (C)*	A CHAN Kwok Hung, Kenny*	P Dr CHAN Man Wai*
P CHAN Yuk Ming, Raymond (C)*	G CHENG Po Ming (C)	P CHENG Wai Man, Raymond(C)
G CHEUNG Hau Wai (C)	P CHEUNG Kwok Ho, Richard	G CHEUNG Tin Cheung
P CHOW Kon Man, Augustine	G FU Chi Kwong	A Dr HO Chi Wing, Daniel (C)*
P HO Kui Yip (C)	G IP Chi Kay, Andrew	P KUNG Sui Lun, Andrew
G LAM Siu Tong	P LAU Chi Keung (C)	P LEE Shue Shing, Eddie (C)
P LEE Tsung Hei, David Chris (C)	A Dr LO Kak Keung (C)	A Dr LO Siu Ming (C)
P MANN Michael Robert	G PONG Kam Keung (C)	G TANG Hoi Kwan (C)
G TSANG Cheung Chuen	G TSUI Ho, Patrick	P WONG Loi Fat, Alex
G WONG Sai Yau Gordon	P WONG San, Samson (C)	P YEUNG Man Kai*

General Practice Division:

G CHAN Suk Man, Ingrid	P CHEUNG Yat Fai, Ronald	P CHIU Kam Kuen (C)
G FOK Eugina	G KO Sin Lun, Esther	P LAM Ka Fai, Francis (C)*
P LAU Chun Kong (C)	P LAU Sze Wan, Serena (C)	A MAN King Fai (C)*
P MO Chan Ming	G Ng Hang Kwong, Francis (C)	A Dr POON Wing Cheung, Lawrence (C)
P WAN WAI Ming, Tony	G YIM Wai Man, Christina	P YU Kam Hung (C)

Land Surveying Division:

G CHAN Chi Duen Ronald (C)	P CHAN Hak (C)	G CHENG Wai Pun (C)
A Prof CHEN Yong Qi (C)	G KWAN Lam Fat	P Prof LEUNG Shou Chun
A Prof MOK Chi Ming Esmond (C)	G SUNG Hon Kwong	

Planning and Development Division:

P CHENG Tak Yiu, Eureka (C)	A Prof Lai Wai Chung Lawrence	G LAM Chi Ming, Kempis
P LAM Ka Fai, Francis (C)*	P LAU Tak, Francis	P Dr Leung Ka Tung Tony
P SO Chun Hin, Albert	P TSANG Ching Lun, Edwin (C)	

Property and Facility Management Division:

P CHAN Jor Kin, Kenneth (C)*	A CHAN Kwok Hung, Kenny*	P Dr CHAN Man Wai*
P CHAN Wai Kin (C)	P CHAN Yuk Ming, Raymond	A Dr HO Chi Wing, Daniel (C)*
G LAI Chin Hung, Gary	P LAM Kwok Wing (C)	P LAM Tsan Wing, Alexander
A MAN King Fai (C)*	P Dr NG Chun Wah	P SO Hung Fai Frankie
P TANG Chiu Man	P YEUNG Man Kai, Gary	

Quantity Surveying Division:

P CHAN Siu Hong, Honby (C)	A Dr CHIANG Yat Hung (C)	P CHENG Sum Hing, Sam (C)
P CHEUNG Tat Tong (C)	P CHUNG Tai Kwai (C)	A Dr HO Hok Keung, Paul
P KIM Berry	P KWAN Tin Che, Spencer (C)	P LAI Yuk Fai, Stephen (C)
P LAM Ching Kam, Jacob (C)	A LEUNG Hing Fung (C)	A Dr LIU Mei Mai, Anita (C)

P SHIA Tsai Fung, Arthur (C)	P TANG Ki Cheung (C)	P TUNG Yau Ming, Gregory
P WU Shek Cheong, Bernard (C)	P YAM Kwan Sum (C)	

KEY: A: Academic G: Government P: Private C: China Programmes
*Experts serving in more than 1 division

Accreditation of surveying courses continued to be pursued in accordance with the approved Policy and Procedures for Course Approval, Maintenance and Review. During the year, one local degree programme and one mainland degree programme were accredited. One overseas programme was under the assessment process.

The Board wishes to take the opportunity to express its appreciation to all members on the Panel of Experts who have contributed much of their time and energy to various vetting and assessment activities.

Assessment of Professional Competence (APC)

During the calendar year of 2009, there were 269 new APC candidates (93 BS, 57 GP, 12 LS, 100 QS, 1 PD and 6 PFM). This represents an overall decrease of 9.4% over the 2008 figure of 297 candidates (88 BS, 71 GP, 16 LS, 113 QS, 2 PD and 7 PFM).

Apart from the P&D Division, assessors of which are yet to be recruited, there are currently 173 BS, 250 GP, 78 LS, 589 QS and 7 PFM Assessors. The full lists of the Divisional Panel of Assessors are attached in the Annexes. The BOE wishes to record a note of appreciation to all the Assessors who have made much contribution to maintaining the professional standard of the new surveyors. In order to help APC candidates better prepare themselves for the assessments, the Young Surveyors Group in collaboration with the respective Divisions organized workshops and training programmes, which were well received by candidates.

The Practical Task of the BSD was held on 4 to 7 November 2009 with the involvement of some 93 assessors and moderators. A total of 92 candidates attempted and 47 (51.1%) passed. There were 52 candidates undertaking the Practical Task for the first time and 24 (46.2%) passed. Professional interviews were conducted throughout the year. A total of 79 candidates presented themselves in 2009 for professional interview and 52 (65.8%) were found satisfactory. A critical analysis is required upon completion of the 21st month of training. There were 308 candidates undertaking the analysis and 80 (26%) passed.

The Written Assessment of the GPD was held on 7 October 2009. A total of 78 candidates took part and 46 (59%) passed. Professional interviews were conducted for 53 candidates of whom 30 (56.6%) were found satisfactory.

During the year, six Land Surveying candidates applied for the final assessment and three passed (33.3%).

On 17 to 18 September 2009, 279 candidates attempted the Practice Problem of the QSD. The papers were each marked by three assessors and 103 (37%) candidates passed. Professional interview for 119 candidates were conducted and 86 (72.3%) were found satisfactory.

The Practical Task of PFMD was held on 28 November 2009. One candidate undertook the Practical Task and passed. One candidate applied for final assessment and passed.

Assessment of Technical Competence (ATC)

For the LSD ATC, three candidates were assessed and passed the final assessment.

The QSD ATC written and oral assessments were held on 15 May 2009 and 22 June 2009 respectively. One candidate attempted and passed the final assessment.

BOE visits to local universities

In 2009, the Board arranged five visits to the local universities and the following faculty / departments / division were visited. The visits were attended by Board members and the Office Bearers.

30 April 2009	Department of Building and Construction The City University of Hong Kong
25 September 2009	Department of Building and Real Estate The Hong Kong Polytechnic University
14 October 2009	Faculty of Construction and Land Use The Hong Kong Polytechnic University
16 October 2009	Division of Building Science and Technology The City University of Hong Kong
24 November 2009	Department of Real Estate and Construction The University of Hong Kong

During the visits, Board members expressed their concern that the university programme contents have become too general and the coverage and depth of the university graduates professional knowledge was insufficient. The Board therefore suggested nominating professional advisers to the universities course planning team to offer advice to the programmes which seek for accreditation or re-accreditation. The Board also suggested that regular meetings between practitioners and academics could be arranged to strengthen the communication and more promotional activities should be organized to introduce to the university students the scope of services of the professional surveyors at an earlier stage.

Working groups for the 3-3-4 Education Reform

Professor Robert Li (CityU), Dr Y H Chiang (PolyU) and Dr S W Poon (HKU) attended the BOE meeting on 21 September 2009 to present the new four-year degree curriculum to the Board members. To enable sustained liaison with the local universities in programme planning in line with the 3-3-4 education system, a working group for degree programmes and a working group for sub-degree and higher diploma programmes were formed. The working groups should study the curriculum documents of the universities, gear the need and wishes of the industries and the profession, formulate our expectation in a co-ordinated, consistent and sustained manner on the surveying education and communicate our need and wishes to the universities.

APC and ATC Reform

Subsequent to the meeting with the Divisional Education Committees on 30 May 2009, it was concluded that the existing APC and ATC Schemes should be reformed. The Board therefore held four more meetings with members from General Council and Divisional Councils to discuss the APC and ATC Reform. The aim of the reform is to open up wider opportunities for people of various backgrounds to become or keep engaged in the surveying profession, to secure recognition of their competencies, and to advance from technical level to professional level, all within a reasonable time frame, so long as they are capable. The reform proposal was submitted to and approved by the General Council on 25 March 2010 for distribution for general members comments. The major changes to the APC and ATC are highlighted as follows:

- Alternative qualification routes to be reasonably shortened.
- Integration of the APC and ATC to become a single ladder, to retain those already engaged in surveying practice and to offer greater chances for their professional advancement.
- One probationer grade, replacing the existing probationer and technical trainee grades, for Professional Training and Assessment.
- Multiple entries to the probationer grade, thus attracting a wider spectrum of potentially suitable people.
- Accumulation of academic qualification and working experience can be concurrent, rather than sequential, such that initially inadequate academic qualification can be topped up during an extended period of training.
- Two levels of competence, one being at technical level and the other at professional level.
- Probationers attaining the technical level of competence will be awarded Associate Membership (AHKIS), (replacing the existing Technical Membership (TAHKIS)), thus giving earlier recognition to degree holders and expanding the base of the previous TAHKIS.

- MHKIS must have satisfied the two levels of competence. This verifies that professional members should also be technically competent in the first place. It should be a benefit to them but not a pre-requisite that they should have been AHKIS.
- All existing Technical Trainees will become Probationers.
- All existing Technical Associates will become Associates.

It has been another busy but fruitful year for the members of BOE, DEC, assessors and the Panel of Experts. I would like to take this opportunity to express my appreciation to all colleagues who have worked extremely hard and made significant contributions to the profession. Thank you very much for your dedicated service!

Tang Ki-cheung, FHKIS
Chairman, Board of Education

Board of Membership

Evenlyn KWOK
Chairman

As of 31 December 2009, the Institute had 4,818 Professional Surveyors, consisting of 449 fellows and 4,369 members. Across all Divisions and all grades of membership, the statistics as on 31 December 2009 (comparisons with December 2008) were as follows:-

	<u>Changes</u> <u>from</u> <u>previous year</u> <u>(%)</u>	<u>Changes</u> <u>from</u> <u>previous year</u> <u>(No.)</u>	2008/2009	2007/2008	2006/2007

Probationer	16.67%	2	14	12	6

The following are some of the milestone events for 2008/09:

- 1) The membership statistics for last year showed a general increase in Professional Surveyors (Fellow and Members) by 4.22% compared with last year with a total member of 5,554.
- 2) Increase in the number of Professional Surveyors was led by the BS Division which recorded 76 more members (a 10.873% increase) and by the QS division with the same increase of 76 members (a 4.04% increase) followed closely by GP Division's increase of 45 members (a 3.20% increase) last year. The LS Division shares the largest number of Technical Associates (48 no.) among all divisions representing approximately 76% of the total Technical Associates of the Institute. The number of Technical Associates was growing very slowly at only 1.61% compared with last year.
- 3) The Property and Facility Management Division, since its formation in year 2005, has grown into a division with 702 Professional Surveyors. However a slow increase in the number of members of 11 (approximately 1.59%) was observed last year.
- 4) The Planning Division, though small in size, has shown an increase of 12 Professional Surveyors (approximately an increase of 32.43%) within which the increase in fellow was around 54.55%, the highest percentage increase in fellow among all divisions.
- 5) Notwithstanding that there is an overall increase in the number of members to the Institute, the number of probationers has decreased by 111, approximately -4.72% with BS and QS divisions together accounting for 109 of such decrease. There is a definite trend that probationer members are decreasing. However, this trend has no effect to the increase of Professional Surveyors with a year-on-year increase of 200 plus members.
- 6) The number of student members appears to be steady. However, there was an obvious increase in student members for the QS division (25.4%). Correspondingly there were fewer student members for the GP division (-10.6%) while little movement was observed for other divisions compared with last year.
- 7) The Technical Associates provides an alternative route to become a full member of the Institute. Due to the very slow increase in membership over the years, the divisions have increased the effort in raising and maintaining new members. The Board of Education has looked into a revamp of the APC and the ATC system to attract more new blood to join the surveying profession. The framework for the revamp of the ATC/APC will be introduced and a forum for such purpose will be conducted in the second quarter of 2010.
- 8) The BOM convened four meetings to process membership applications and to discuss membership matters last year.

During last year, BOM members have actively participated in discussion of matters relating to membership issues

and where appropriate, raised for decisions by the General Council. Matters raised for GC discussions included matters relating to application for fellow from members who are also members of multi-divisions, recognition by the government of Technical Associates of the HKIS and proposals for direct membership for Members and Technical Associates. Issues have been discussed with adequate input from the divisions with fruitful proposals to the General Council. The BOM thanks the continued assistance of Ms Kiny Hung who enables the Board to continue running smoothly.

Board of Membership 2008/09 Composition

Chairman	Mr Kwok Kim Sang, Evenlyn
Deputy Chairman	Mr Wong Thien Nyen
BSD representative	Mr Fu Chi Kwong, Edward
BSD representative	Mr Wong Loi Fat, Alex
GPD representative	Ms Fok Eugina
GPD representative	Mr Wong Ho Ming, Augustine
LSD representative	Mr Lam Li Wah
LSD representative	Mr Tang Wing Lun
QSD representative	Mr Tse Che Wah, Thomas
QSD representative	Mr Yim Siu Chung, Keith
PDD representative	Mr Lau Tak, Francis
PFM representative	Dr Lam Kwok Wing
PFM representative	Mr Yeung Man Kai, Gary
YSG representative	Mr Cheung Man To, Arthur
YSG representative	Ms Ling Ka Man, Emily
Co-opt Member	Mr Chiu Kam Kuen

Board of Professional Development

Barnabas CHUNG
Chairman

The Board of Professional Development comprised the following membership for session 2008/2009.

Professor Barnabas Chung Hung-kwan
Mr Ricky Chan Dut-yin
Mr Edwin Tang Hoi-kwan
Dr Edward Yiu Chung-yim
Mr Slayman Chan Kwok-kin
Mr Mok Kam-kwan
Mr Cheng Wai-pun
Ms Maris Lo Hoi-yin
Mr James Pong Kam-keung
Mr Albert So Chun-hin
Dr Edmond Cheng Kam-wah
Mr Daniel Hui Wah-lun
Mr Wong Chung-fat
Ms Joanna Kwok

Chairman (BS)
Vice-chairman (QS)
BSD Representative
BSD Representative
GPD Representative
GPD Representative
LSD Representative
LSD Representative
PDD Representative
PDD Representative
PFMD Representative
PFMD Representative
QSD Representative
YSG Representative

In pursuance of the provisions of Part VII of the Bye-Laws, the Board continued to consider policies and control mechanism for mandatory continuing professional development and lifelong learning to help members enhance not only their professional competence but also their social status as professional surveyors. This is to require all professional and technical members to engage themselves in a continuous process of sharpening their expertise and broadening their specialist knowledge base. It is only with consistently high and ever-improving professional competence of its members that the Institute may strengthen its strategic position in the property industry, for the long-term sustainability of the surveying profession in Hong Kong. Further to the implementation of the mandatory CPD in 2007, to facilitate members in their pursuit of CPD, the Board introduced the on-line logging-in of CPD profile records and on-line booking of CPD activities.

In 2009, 104 CPD events were organized by various Divisions and the Young Surveyors Group (YSG), which reflected a 5% decrease from 110 of the previous year. Apart from the 16 institutional events (including two organized by PM Committee and two under the auspices of PSDAS), YSG continued to be the principal CPD organizer providing 33 events (including five joint CPD with GPD and one joint CPD with BSD). The ranking order of the other Divisions was QSD (21), GPD (16, including five joint CPD with YSG and one joint CPD with PDD), BSD (eight, including one joint CPD with YSG), PDD (seven, including one joint CPD with GPD), LSD (six), and PFMD (four).

Since the introduction of the on-line logging system, 572 members have used the system. Based on this record, for the year 2008-2009, 89 members have performed meritoriously in pursuance of the Mandatory CPD and were presented with incentive awards in the form of CPD coupons immediately prior to the HKIS AGM on 11 December 2009. The award recipients were:

In 2008, the Board explored the practicality of incorporating membership functions in the HKIS co-brand credit cards, so that they might be used also for CPD payments and CPD access control. Shanghai Commercial Bank responded favourably. The matter has been endorsed by General Council in principle and has been taken up by the Honorary Treasurer and his Welfare Committee for further pursuance.

The motion to amend the Constitution to change the designation of “professional surveyor” to “certified surveyor” was approved by the General Council for members’ voting at an EGM. However, just prior to the EGM, it was revealed that the designation might be in conflict with certain similar statutory designation and the motion was withdrawn for further investigation in the pursuing session year.

Samson Wong & Associates Property Consultancy Ltd. is your best partner offering unified consultancy of land, property and construction in Hong Kong, Macau and Mainland China.

We offer one-stop building consultancy services including:-

- Planning & Development
- Project Management
- Architectural & Interior Design
- Quantity Surveying & Cost Advisory
- Construction Quality Audit
- Authorised Person & Registered Structural Engineer Services
- Due Diligence & Condition Survey
- Building Doctor Services
- Expert Witness for Litigation
- Licence Application
- Water Seepage Detection and Prevention

Adopting a holistic approach and armed with latest technologies, our multi-disciplinary team of professional surveyors, architects and engineers with asset-graded experience are always ready to turn our Clients' needs into viable business opportunities and real value. In addition to the more traditional building consultancy services we offer, our unrivalled expertise in "Strategic Review on Building Maintenance and Facility Management" enables SWA to execute specialized projects uniquely tailored to suit our Clients' requirements.

Our recent commissioning on "Building Condition Assessment System" and "Barrier-Free Accessibility Consultancy" by government departments and corporate clients reflects very well on the SWA's splendid achievement in research and development aspects.
